## SCHEDULE OF APPROVALS - MARCH 19, 1965

### Administrative Items

Prequalification of Bidders

1. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R. S. 52;35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel and State Highway Engineer. (Mar 19, 1965)

Claims-Settlements

2. Payment of Final Estimates No. 11R and 11B for construction of the Approaches & Superstructure of the Lincoln Street Bridge over the Passaic River, Passaic County, which was authorized by Action of October 23, 1964, has been withheld from the Contractor, Sappah Construction Company, Inc. pending settlement of claims filed in the total amount outstanding of $86,551.22. By letters of February 25 and March 12 attached the contractor and their surety propose to furnish releases for 18 claims totaling $75,290.97, and to bond the disputed claim of Frank Stamato & Company for $11,260.25 on which action has been started in Superior Court, in consideration of payment of $56,568.87 balance due on the contract. It is recommended that the attached surety bond for $23,000.00 covering the disputed claim be accepted and that final payment be authorized upon delivery of releases from all other claimants. (Mar 19, 1965)

- - - - - - - - - - - - -

3. This claim arises out of an accident occurring on November 20, 1963 on Route #33, Hamilton Township, Mercer County, New Jersey involving a vehicle owned and operated by George Propert and a vehicle owned by the New Jersey State Highway Department and operated by Daniel Procaccino. As a result of the aforesaid accident the State Highway Department owned vehicle was damaged and had to be repaired at a cost of $339.95. The insurance carrier representing Mr. Propert refused to honor the State Highway Department's property damage claim in this matter. A suit was instituted in Mercer County District Court against Mr. Propert for the recovery of the State's property damage claim and Mr. Propert instituted a counter claim against the State driver. The case was tried on March 9, 1965 and the court found both drivers guilty of negligence, however, in view of the Miller vs. Layton Decision, it allowed a judgment to the State for one half of the damages, namely $167.97 plus costs of $14.00. Under the Miller vs. Layton Decision the remaining 50% of our damages would have to be assessed against the operator of the State vehicle. The court also gave judgment for the defendant on the counter claim as one of no cause for action. In view of the foregoing it is requested that the State Highway Department's property damage claim in this matter be revised to $182.96 and the balance of $156.99 be cancelled. (Mar 19, 1965)

Utilities-Route 287, Contract No.5

4. Utility Order #PUO-32-287-12A & 13A; NJ-I-287-3(4)41, Contract #5 issued to the New Jersey Bell Telephone Company and approved in August 1961 set up an amount of $107,300, including 10 per cent for contingencies. The New Jersey Bell Telephone Company has completed all work under this Order at a total cost of $148,980.80, which amount is $41,680.80 over the original estimate cost. The increased cost was due to unforeseen factors as outlined in the attached memorandum from Mr. Erb, Engineer of Utilities, and it is, therefore, recommended that an additional amount of $41,680.80 be set up to cover the total cost of work under the above-mentioned Utility Order. Construction Program Year 1960-1961. Item Number 22. (Mar 19, 1965)

## SCHEDULE OF APPROVALS - April 20, 1965

### Administrative Items

Federal Aid-Interstate Funds

1. It is recommended that the attached project agreement in duplicate be approved and executed for Rights of Way: Route 78, Section 4A & 5C, From 1000' East of Plainfield Ave. to Shunpike Road, Union County, Project I-78-5(2)44. The total estimated cost is $3,300,000.00. Ninety percent (90%) or $2,970,000.00 is Federal Interstate Funds. This project agreement is necessary to acquire the necessary rights of way for construction within the subject termini. (April 20, 1965)

- - - - - - - - - - -

2. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route 78, Section 4K, From Routes US 202 & 206 to Somerville Road, Somerset County, Project I-78-4(9)37. The total estimated cost is $2,895,050.00 of which ninety percent (90%) or $2,575,665.00 is Federal Interstate Funds. There is 100% State financing involved in the amount of $33,200.00. The work to be performed under this Contract consists of clearing site, demolition of buildings, various types of excavation, subbase, various thicknesses of bituminous pavement on various types of base courses, drainage, curbs, signs, planting, and other incidental work as provided in the Contract. (April 20,1965)

- - - - - - - - - - -

3. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route 287, Section 4E & 5J, From North of Garretson Rd., to I-78 Interchange, Somerset County, Project I-287-1(31)19. The total estimated cost is $34,950.00 of which ninety percent (90%) or $31,455.00 is Federal Interstate Funds. There is no 100% State financing involved at this time. The work to be performed under this Contract consists of clearing site, demolition of buildings, various types of excavation, subbase, various thicknesses of bituminous payment on various types of base courses, drainage, curbs, signs, planting, and other incidental work as provided in the Contract. (April 20,1965)

Agreements-Aero Service Corporation

4. Approval and execution is recommended of the attached Agreement between Aero Service Corporation and the State Highway Department relative to Aerial Photography and Mosaics required in connection with the Atlantic City Urban Area Transportation Study. (April 20, 1965)

Utilities - Route 38, Sec. 1E & Route 70, Sec. 1C

5. Under date of February 3, 1964 Commission Action was approved setting up $1,000 to cover Pennsylvania Railroad Company costs for engineering, flagging and inspection in connection with the subject drainage project. However, the actual cost as billed to the Department by the Railroad amounts to $1,385.43. The overrun of $385.43 was caused by the Department's underestimating of the charges. It is, therefore, recommended that an additional amount of $385.43 be set up to permit the processing of the invoices now in the Department's Auditing Section. Construction Program Year 1964, Item Number 41. (April 15, 1965)

Reimbursement-City of Millville, Rt. 49(1953), Sec. 9A

6. During the construction of Route 49(1953), Section 9A, the contractor, during excavation for pavement construction broke some sewer line owned by the City of Millville. Inasmuch as the existing sewer pipe was of terra cotta and unsuitable to remain in the subbase, the City of Millville replaced the damaged pipe with suitable cast iron pipe. It is recommended that the City of Millville be reimbursed for the cost of installing this pipe by city forces in the total amount of $668.60. Construction Program Year 1963-1964, Item Number 41. (April 15, 1965)

Utilities-Route 78, Section 4J

7. Approval and execution is recommended of the attached Agreement dated April 8, 1965, between the State of New Jersey and the Township of Bernards Sewerage Authority Covering understandings in connection with the State's construction of Freeway Interstate 78, Section 4J through an area where components of the Authority's future sanitary sewer system will cross the Freeway, in the Township of Bernards, County of Somerset. The completed construction of aforesaid Freeway would necessitate the installation of steel sleeves fully across the Freeway's controlled access lines and the insertion of sewer pipes through said sleeves, at considerable cost to the Authority. It is the State's policy to include in its contract the installation of municipally- owned future facilities in conjunction with Freeway construction when it is considered as being beneficial to the parties concerned, providing the governmental agency furnishes the necessary pipe materials and appurtenances to make the necessary utility installations. The State's cost for this installation work is estimated at $11,664. Construction Program Year 1964-1965. (April 20, 1965)

Utilities-Route 78, Section 4K

8. Approval and execution is recommended of the attached Agreement dated April 8, 1965, between the State of New Jersey and the Township of Bernards Sewerage Authority covering understandings in connection with the State's construction of Freeway Interstate 78, Section 4K through an area where components of the Authority's future sanitary sewer system will cross the Freeway, in the Township of Bernards, County of Somerset. The completed construction of aforesaid Freeway would necessitate the installation of steel sleeves fully across the Freeway's controlled access lines and the insertion of sewer pipes through said sleeves, at considerable cost to the Authority. It is the State's policy to include in its contract the installation of municipally-owned future facilities in conjunction with Freeway construction when it is considered as being beneficial to the parties concerned, providing the governmental agency furnishes the necessary pipe materials and appurtenances to make the necessary utility installations. The State's cost for this installation work is estimated at $7,320. Construction Program Year 1964-1965. (April 15, 1965)

Utilities-Route 80, Section 4S

9. Prequalifications of Bidders

11. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R. S. 52:35. The Committee consists of the Comptroller Director and Chief Road Engineer, Counsel and State Highway Engineer. (April 20,1965)

Claims-Settlements

12. This claim arises out of an accident which occurred on May 8, 1963 on Route 73 at Woodlawn Avenue, Maple Shade, New Jersey, and involved a vehicle owned and operated by Joseph Januzewski. As a result of this occurrence Mr. Januzewski's vehicle caught fire and a section of the main pavement on Route 73 was damaged. The insurance company representing Mr. Januzewski disclaimed liability for this accident on the grounds the left rear tire blew out and caused their insured's vehicle to catch fire. Their decision was based on the fact that they feel there was no negligence on the part of their insured. The police department which investigated this incident verified the fact that the left rear tire blew out and set the car on fire. The Claims Bureau, however, continued its negotiations with the insurance company with the result that they have offered 50% of our damages in full settlement of this claim. Giving due consideration to the circumstances under which the accident occurred and the difficulty and expenses which can be expected in the event the State of New Jersey filed suit to collect the balance, it is my opinion that the State would be justified in accepting the above offer of settlement rather than attempting to recover the full amount by means of a law suit which we could very well lose. It is my recommendation, therefore, that this offer of settlement receive favorable consideration, in accordance with Mr. Levine's memorandum dated April 19, 1965 attached hereto, and the recommendation of Deputy Attorney General William J. McCormack. (April 20, 1965)

20. Approval is recommended of the plans and specifications for Route 13 (1953), Section 1C, Sidewalks for Bridge over Manasquan- Bay Head Canal, Borough of Point Pleasant, Ocean County and for authority to advertise this project for bids. Bids to be received May 13, 1965. (April 20, 1965)

Route 172 (1953), Section 1B

21. Approval is recommended of the plans and specifications for Route 172(1953), Section 1B, Pedestrian Bridge at George Street, City of New Brunswick, Middlesex County, and for authority to advertise this project for bids. Miscellaneous Funds will be used for State's share of cost of above structure, as determined by agreement dated September 15, 1964 between State and Rutgers University. Bids to be received May 13, 1965. (April 20, 1965)

Route 18, Section 7A

22. J. F. Chapman & Son, Inc., contractor for the Intersection Revisions at Route 27 and Commercial Avenue and Island Closures on Route 18, Section 7A, City of New Brunswick, Middlesex County, Federal Project No. U-112(20) have satisfactorily completed all road work under their contract as of March 22, 1965. There is, however, the matter of thickness deficiencies of bituminous stabilized base course in the amount of $187.20. It is recommended that the road portion of this project be finally accepted and final payment authorized in accordance with the As-Built Quantities, deducting therefrom the amount of $187.20 representing the estimated comparable contract value of thickness deficiencies of bituminous stabilized base course. This recommendation applies to road work only. (April 20, 1965)

Route 27 (1953), Section 8B

23. Standard Bitulithic Company, contractor for the widening and resurfacing from Miltonia Street to Elizabeth City Line on Route 27(1953) Section 8B in the Cities of Elizabeth & Linden and Borough of Roselle, Union County have substantially completed all work under their contract on September 12, 1963. Commission Action under date of March 6, 1964, approved Final acceptance and Semi-final payment, withholding two per cent of the value of the completed work pending receipt of the final quantities, and withholding therefrom the amount of $9,745.29 representing liquidated damages for 59 calendar days at $165.17446 per day for the period from July 16, 1963, to September 12, 1963 inclusive. All landscape work and other corrective work noted on prior inspection have been accomplished excepting minor pavement surface skin patching which will be done when weather conditions permit, and the landscaping at 1908 St. George Avenue which is considered not to be the Department's or contractor's responsibility. It is, therefore, recommended that this project be authorized for final payment in accordance with the As-Built quantities, deducting therefrom the amount of $9,745.29 representing liquidated damages for 59 calendar days at $165.17446 per day for the period from July 16 to September 12, 1963 inclusive. As-Built Quantities of Pavement Type FABC-2, 3" thick and variable thickness, and Bituminous Stabilized Base Course, 6" thick, shall be the respective certified tonnage delivered and incorporated into the project and the actual yardage constructed without further adjustment. (April 20,1965)

Route 46, Section 16D

24. ~~Utilities-Route U.S. 22 (1953), Section 10A~~

9. Recommend approval and signature of attached "Official Ballot on Proposed Research Problem Areas" for inclusion in the National Cooperative Highway Research Program for 1966 Fiscal Year. An affirmative vote for participation in all the Research Projects is strongly recommended and so indicated on the ballot. (April 21, 1965)

Utilities-Route U.S. 22 (1953), Section 10A

10. Approved Utility Agreement #1 with the New Jersey Bell Telephone Company set up an amount of $4,348 (excluding contingencies) for the cost of rearrangement of their facilities to accommodate the State's construction of Route U.S. 22 (1953), Section 10A. However, the actual amount covered by this Agreement and billed the State by the company amounts to $5,692.35 or an excess of $1,344.35 over the original amount set up in the agreement. An analysis of the cost indicates that this overrun was due to the fact that the estimated amounts for work involving trunk line circuit cables were low, particularly labor costs which were underestimated at about half the actual cost being billed. It is, therefore, recommended that an additional amount of $1,344.35 be set up making a revised total cost of $5,692.35 for the above agreement for reimbursement to the New Jersey Bell Telephone Company. Construction Program Year 1959-1960. (April 23, 1965)

Utilities-Route 287, Section 6E

11. Approved Utility Order Number PUO-88-287-6E; N.J.-I-287-2(7)23, Contract #3, issued to the Gravity Water Company, Inc. for the cost of rearranging their water facilities to accommodate the State's construction of Freeway Interstate 287, Section 6E, set up an amount of $10,134.92 (excluding contingencies). However, the Water Company in completing the major portion of the work covered by said Order has incurred an aggregate cost amounting to $16,618.84. In addition to this amount, the Company has other work to perform at an estimated cost of $400.00, which when combined with the aforementioned amount results in a revised total of $17,018.84 for the subject Order. This amount of $17,018.84 is in excess of the base estimate amount quoted above and at the rate of 67.92% also exceeds the percentage permitted in payment of charges over the base estimate funds set up for this work. An investigation analysis, to determine specific reasons for the additional cost, indicates extensive rock excavation and selected backfill material replacement under proposed pavement areas which were not anticipated when the estimate was compiled. It is, therefore, recommended that the additional cost involved (in the amount of $6,883.92) and making a revised total amount of $17,018.84 for the above Order, be approved for reimbursement to Gravity Water Company, Inc. Construction Program Year 1963-1965, Item Number 22. (April 23, 1965)

Speed Limits

12. In accordance with the provisions of R.S. 39:4-98 (as amended) the rate of speed designated for the certain part of State highway route number U.S. 1 & 9, described herein below shall be and hereby is established and adopted as the maximum legal rate of speed thereat: Route U.S. 1 & 9, Woodbridge Township, Middlesex County; Rahway, Linden & Elizabeth, Union County; Newark, Essex County; Town of Kearny, Jersey City, North Bergen Township, Hudson County; Fairview, Ridgefield, Palisades Park Boroughs, Bergen County, and, further, that Regulation LS-62-10, adopted November 2, 1962 and approved November 15, 1962, be rescinded. (April 21, 1965)

## Construction Items

Route 280, Section 5J

13. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads, and for authority to advertise for bids after approval has been received from the Bureau, for Route 280, Section 5J, Erie-Lackawanna Railroad Bridge Underpass, Incidental Grading & Drainage, in the vicinity of Scotland Road, City of Orange, Essex County, Federal Project No. N.J.-I-280-6(23)57. Route 280, Sections 5C & 6A

15. V. Ottilio & Sons, contractor for the demolition of buildings on Route 280, Section 5C & 6A, from Wheeler Street to South Clinton Street in the Town of West Orange and Cities of Orange and East Orange, Essex County, have satisfactorily completed all work under their contract on May 16, 1964. Status of the project as noted on the memorandum of acceptance, indicates an overrun of 103 working days. However, by Change Order #1, dated August 3, 1964, and approved April 8, 1965 an extension of time of 55 working days was granted, making a net overrun on this contract of 48 working days. It is, therefore, recommended that this project be finally accepted and final payment authorized in accordance with the As-Built Quantities, deducting therefrom the amount of $3360 representing liquidated damages for 48 working days at $70.00 per day. (April 22, 1965)

On August 23, 1963, the State Highway Commissioner authorized the approval of an agreement with the City of Treanton for an overall consideration of $932,000.00. The agreement provided that the State would institute friendly condemnation proceedings, if necessary, for Parcels 1A, B and C, Route 29, Section 12, in order to obtain good marketable title and that an agreed award in the sum of $851,000.00 would be entered by the Condemnation Commissioners without interest; the award to be paid into Superior Court of New Jersey in trust for interested parties. The City of Trenton agreed not to contest condemnation proceedings. The agreement further provided that for Parcels 10A, B and D, Route 29, Section 15, the State would pay the sum of $81,000. upon approval of title, and the form and sufficiency of deed of conveyance and all other instruments. The agreement further provided that the State would agree to accept title subject to all public utility easements, recorded or unrecorded, affecting the above parcels including easements held by the United States of America and the Reading Railroad. In accordance with the authority granted, friendly condemnation proceedings were instituted for Parcels 1A, B and C. During the trial, the Court ordered an amendment of the State's map to include the reversionary interests of a parcel acquired by the State from the City in 1955 as well as reversionary interests not previously acquired in Old Lafayette Boulevard. No testimony as to the value was presented by the owners and reversioners. The State's testimony was in the amount of $851,000.00 for Parcel R-1, which included Parcela 1A, B and C and the aforementioned reversionary interests. An award has been entered in the total sum of $851,000.00 with $70,961.74 allocated to each of 12 reversionary ownership sub-divisions. There is attached the report of Commissioners. It is recommended that the approval covering the previous agreement be continued and that authority be granted to pay the award of $851,000.00 into Court thereby discharging the State's responsibility for payment for the overall tract of land now designated as Parcel R-1. (April 22, 1965)

### Agreements-Policy Committee of the National Proving Ground

4. At a recent meeting of the Policy Committee of the National Proving Ground for Freeway Surveillance, Control and Electronic Traffic Aids in Detroit, a program for the next fiscal year was discussed. Financing of the next fiscal year's operation was also discussed. It was tentatively agreed that each of the participating agencies would budget the same contribution for the next fiscal year that had been budgeted for the previous year's program. The attached letter to the Bureau of Public Roads is submitted for signature to indicate the State of New Jersey's desires to continue to participate in the Program of the National Proving Ground for Freeway Surveillance, Control and Electronic Traffic Aids and further to request that funds in the amount of $30,000 (New Jersey's pro-rata share, unless additional states join the program) be withheld from those funds available under Title 23, U.S.C. Sec. 30. As indicated in the letter it is recommended the cost of the program be charged to New Jersey's fiscal 1965-1966 HPS/HPR as 100% federal funds with no state matching funds. By copy of the letter Mr. Howard E. Hill, Acting State Highway Director, Michigan Highway Department and Mr. H. P. Beschenbossel, District Engineer, Bureau of Public Roads, will be advised of this states intention to continue in the program. (April 29, 1965)

### Utilities-Route 29 Freeway, Sections 11A & 12B

5. Approval and execution is recommended of the attached Order No. PUO-15-29-11A &12B; U-198(18), Contract #2, issued to the New Jersey Bell Telephone Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Route 29 Freeway, Sections 11A & 12B, located in the City of Trenton, Mercer County. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $10,400.00. (Construction Program Year 1964-65, Item #36). (April 27, 1965)

Utilities-Route 80, Section 4S

6. Approval and execution is recommended of the attached Order No. PUO-78-80-4S; NJ-I-80-4(16)53, Contract #3, issued to the Public Service Electric and Gas Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 80, Section 4S, located in the Township of Wayne, Borough of Totowa, County of Passaic. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $52,000.00. Construction Program Year 1964-1965, Item Number 10. (April 28, 1965)

Utilities-Route 278, Section 1A

7. Approval and execution is recommended of the attached Order No. PUO-2A-278-1; NJ-I-278-6(4)56, Contract #2B, issued to the Public Service Electric and Gas Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 278, Section 1A, located in the City of Elizabeth, County of Union. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $15,600.00. Construction Program Year 1963-1964, Item Number 19. (April 30, 1965)

- - - - - - - - - - - -

8. Approval and execution is recommended of the attached Order No. PUO-4A-278-1; NJ-I-278-6(4)56, Contract #3B, issued to the New Jersey Bell Telephone Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 278, Section 1A, located in the City of Elizabeth, County of Union. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $2,100.00. Construction Program Year 1963-1964, Item Number 19. (April 27, 1965)

Route 280, Section 6C (Utilities)

9. Approved Utility Order #PUO-12C-280-6; NJ-I-280-6(11)58, Contract #3B, issued to the Public Service Electric and Gas Company set up an amount of $7,100 including 10 per cent for contingencies for reimbursement to the utility company for the relocation of their facilities to accommodate the construction of Freeway Interstate Route 280, Section 6C. It has become necessary for the company to perform additional work which was overlooked when the original Utility Order was prepared. Change Order #2, to PUO-12C-280-6, authorizes this additional work which is estimated at $15,260. Since the cost item for contingencies, set up in the Utility Order, is not nearly sufficient to cover the increase in relocation costs, it is recommended that an additional amount of $15,260 be set up to cover the cost of PUO-12C-280-6, as amended by Change Order No. 2. Construction Program Year 1963-1964, Item Number 20. (April 27, 1965)

Claims ~~Agreements~~-Settlements

10. The State Highway Department is carring a claim against Robert J. Kinsley in the amount of $364.02 covering the cost of repairing State Highway Department vehicle bearing Reg. HYF 598 which was damaged as the result of an accident occurring on January 27, 1960 involving a vehicle owned and operated by Robert J. Kinsley. The insurance company for the above named debtor refused to honor the Highway Department's claim on the grounds that there was no legal liability on the part of their assured. The Claims Bureau instituted a District Court Action which was scheduled recently for trial. At a pretrial conference a final offer of $200.00 was made in full settlement of this claim. At the time our suit was instituted, the insurance company on behalf of their assured made the State driver a third party defendant. During the course of our pretrial conference, it was brought out that Mr. Kinsley who was a former State Highway Bridge Attendant, now retired, had an invalid wife and that he himself was suffering from a very serious heart condition, and advised his carrier that if they brought him into court, they would be responsible. He further advised his carrier that he did not intend to appear voluntarily. The carrier pointed out to our attorney that they wrote to Mr. Kinsley, registered mail, advising him of the trial date and that if he did not appear as requested to testify, they would have to disclaim should a judgment be rendered against him. Giving due consideration to the possibility that if contributory negligence could be proven against our driver, the carrier would be entitled to a contribution of 50% from our driver on the judgment entered in favor of the Highway Department. In view of all the circumstances, we feel the offer of $200.00 should be considered rather than proceed with the trial of the case and expend additional time and money where the possibility of winding up with 50% of our claim was quite possible. It is therefore our recommendation and in accordance with the memorandum of Charles I. Levine, Deputy Attorney General, attached hereto, and the recommendation of Deputy Attorney General William J. McCormack that the offer of $200.00 receive favorable consideration and be approved. (April 28, 1965)

Claims-Settlement

7. The New Jersey Highway Department has a claim arising out of an acident occurring on February 7, 1964 involving a vehicle owned by Judith S. McGee, operated by John C. McGee, and a vehicle owned by the New Jersey State Highway Department, being operated at the time by William F. Oyea. As the result of said accident, the property damage claim covering repairs to Highway Department vehicle bearing Reg. HYF 489 amounted to $678.07 and the Department also expended the sum of $35.00 for medical treatment rendered the injured employee. The insurance carrier representing the other party involved denied liability on the part of their assured contending that there was no legal liability on the part of Judith and John McGee. Our investigation disclosed that the State driver in backing his vehicle from his driveway out onto Tindall Road had just changed gears in order to move forward when his vehicle was struck by the other car involved. Subsequent negotiations by the Claims Bureau has now resulted in an offer of $ 425.00 being made in full settlement of the State's property damage and personal injury claims. The offer represents a settlement in full for the medical expenditures incurred and a better than 50% offer of the property damage claim. Giving due consideration to the circumstances under which this accident occurred, I feel the offer of settlement is reasonable and fair, and it is our recommendation and in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of Deputy Attorney General William J. McCormack that it receive favorable consideration and be approved. (May 12, 1965)

---

4. The Route 95, Section 1G & 1E as-builts have been virtually completed for approximately one year. The Consultant is awaiting information on change orders from the Department prior to completion of the work. In view of the progress on this project, it is recommended that the present retainage of 10% be reducted to 1%. (May 21, 1965)

Utilities - Route 78, Sec. 4N & 5P

5. Approval and execution is recommended ~~of attached Agreement between the~~ State of New Jersey and the Commonwealth Water Company, covering understandings in connection with the relocation of the water company's facilities to accommodate the State's construction of Interstate Route 78, Sections 4N & 5P through the Township of Berkeley Heights and across a parcel of Right of Way belonging to the Company. The Company is in the process of installing a 24" water main in the aforesaid Right of Way which construction will conflict with the proposed Freeway Route 78. The Commonwealth Water Company will modify its construction along the Freeway to accommodate the State's construction and they will be reimbursed for the extra cost of installing these facilities, which including 10% for contingencies is estimated at $28,000.00. Construction Program Year 1963-1964, Item Number 15. (May 20, 1965)

Utilities - Route 78, Sec. 4S

6. **Approval and execution** is recommended of the attached Agreement between the Borough of Totowa and the State of New Jersey, covering understandings in connection with the rearrangement of facilities of the existing water supply and sanitary sewer systems owned and operated by the Borough to accommodate the State's construction of a section of Freeway Interstate Route 78, Section 4S, through a portion of the Borough. The State will make or cause to be made the revisions and rearrangements to the facilities mentioned above, which work will be included in the State's road construction contract and is estimated at $31,800.00. The State will reimburse the the Borough of Totowa for engineering and inspection charges in connection with the above work. These charges are estimated at $1,500.00. Construction Program Year 1964-1965, Item Number 10. (May 18, 1965)

Utilities - Route 287, Sec. 7C

7. Approval and execution is recommended of the attached agreement between the Township of Bernards Sewerage Authority and the State of New Jersey covering understandings in connection with the State's construction of Freeway Interstate 287, Section 7C, through an area where a component of the Authority's future sanitary sewer system will cross the Freeway in the Township of Bernards, County of Somerset. This construction will necessitate the installation of a steel sleeve fully across the Freeway's controlled access lines (by boring and jacking methods) and the insertion of sewer pipe through said sleeve at considerable cost to the Authority. It is the State's policy to include in its contract the above-mentioned work when it is considered as being beneficial to the State and the governmental agency affected, provided that agency furnishes the materials necessary. Construction Program Year 1964-1965, Item Number 11. (May 20, 1965)

## SCHEDULE OF APPROVALS - MAY 31, 1965

### Administrative Items

General Property Parcel Map-Route 6 (1927), Section 27

1. Approval is recommended of the attached prints of the General Property Parcel Map for Route 6 (1927), Section 27, Mercer Street to Main Street, Morris County, in order that the necessary duplicate tracings and linen prints may be prepared for filing in Morris County. (May 28, 1965)

General Property Parcel Map-Route 21 Freeway, Section 1

2. Approval is recommended of the attached prints of the General Property Parcel Map for Route 21 Freeway, Section 1, Rutgers Street, Belleville to Route 3, Clifton, Essex, Passaic and Bergen Counties, in order that the necessary duplicate tracings and linen prints may be prepared for filing in Essex, Passaic and Bergen Counties. (May 24, 1965)

Claims-Settlements

3. It has been brought to our attention by various insurance companies that utility companies in the State of New Jersey are granting salvage and depreciation allowances up to 15% on property damage claims in order to bring about prompt settlement of said claims and in order to avoid costly litigation. We have checked with the claim agents for New Jersey Bell Telephone Company and the Public Service Electric and Gas Company and they have verified that this practice is in existence and that the Jersey Central Power and Light Company is granting a straight 15% allowance on its claims and have done so for quite some time. This practice by the utility companies has placed this office in somewhat of a disadvantage in settling claims with insurance carriers who expect the State to grant the same allowances that they receive from the utility companies. In certain claims initiated by the Maintenance Bureau of the State Highway Department, it is somewhat difficult to arrive at a fair figure for depreciation on material used in the repair or replacement of the damaged property for the reason that the date of original installation is not always known. Consideration must also be given when liability is not clear-cut and the debtor would be in a favorable position to present a reasonable defense in the event of litigation. It is, therefore, respectfully requested that the Claims Bureau be given authority to allow up to a maximum of 15% of our charges in settling Maintenance and Electrical Bureau claims. This authority is requested so that claims that fall within the above categories can be settled on a fair and equitable basis. It is not the intent of the Claims Bureau to arbitrarily grant a 15% allowance on all claims. The billings will still be sent out as they are now for the full amount of the State's charges, and an allowance will only be granted when requested and when such allowance in their opinion is justified. (May 24, 1965)

Utilities-Route 35, Section 8A

4. To accommodate the construction of Route 35, Section 8A, it was necessary for the Monmouth Consolidated Water Company to relocate a fire hydrant. This relocation was performed at company cost in accordance with State's plan. Due to objections raised by the operators of a shopping center in the area (Azzolina Land Corporation) to driveway openings proposed by State, the State made a change of plan which made necessary a second relocation of the hydrant by the Water Company. It is recommended that we reimburse the Monmouth Consolidated Water Company for the second relocation in the amount of $250.53. (May 26, 1965) Constr. Program Year 1964-65, Item 23

Utilities-Route 45, Section 1B

5. Approval and execution is recommended of attached Agreement between the City of Woodbury and the State of New Jersey, covering understandings in connection with the rearrangement of the city's water and sewer facilities to accommodate the State's construction of Route 45, Section 1B in the City of Woodbury. The State will reimburse the city for the actual cost of relocating its facilities, which including 10 per cent for contingencies is estimated at $11,912.00. Construction Program Year 1962-63, Item No. 48. (May 25, 1965)

NoStopping or Standing Zones

6. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing a limited "no stopping or standing" zones along Route 36 (Ocean Avenue), Sea Bright Borough, Monmouth County. (May 27, 1965)

Sale of Property

82. There is presented the matter of the Public Sale held on December 10, 1964, for the lands located on Route 101-4-(3), Borough of East Paterson, Bergen County, New Jersey, Parcels 16, 17, 18, 19 and R20. I received eleven bids ranging from $6,500.00 to a high bid of $8,100.00, which high bid was submitted by Dominick DeCarlo of Palisades Park, New Jersey. At the time of the sale, it was noticed that a connecting road severed the parcels, which was not indicated on the Right-of-Way Map. After the sale a check was made with our engineers regarding this matter with a request to submit to us a map indicating how much land was actually considered surplus. The map submitted by our engineers indicated that there was approximately 7,000 square feet of land available on these parcels, which was almost 5,000 square feet less than was originally advertised in the public notice. A contact was made with the successful bidder concerning this matter and he made mention that he did not want to fulfill the terms and conditions of the sale since there was not the amount of land stipulated in the advertisement. It is, therefore, requested that the bid in the amount of $8,100.00 be rejected and the deposit in the amount of $810.00 be returned. (May 27, 1965)

Appraisal Orders

83. There are presented the following Appraisal Orders:

| Date | Order No. | Appraiser | County | No. of Parcels | Fee |

| | 368 | Irwin Steinberg | Monmouth | 19 | 12,200. |
| | 369 | Albert J. Gall | Middlesex | 13 | 2,500. |
| | 370 | Irwin Steinberg | Morris | 1 | 750. |
| | 371 | Seymour Simon | Morris | 1 | 350. |

Approval is recommended. (May 28, 1965)

General Property Parcel Map-Route U.S. 46, Section 2

84. There is presented General Property Parcel Map on Route U.S. 46, Section 2, Manunka Chunk to Route 69; together with processing form from Mr. E. Y. Corson which has been approved by Messrs. Cunningham and Schuyler. It is recommended that this General Property Parcel Map be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of right of way is $40,000.00 and authority is requested to set up this amount from funds available under Item 23 of the 1964-65 Construction Program. (May 28, 1965)

The Approvals as indicated in this
Schedule are hereby ratified and confirmed.

## SCHEDULE OF APPROVALS - JUNE 8, 1965

### Administrative Items

General Property Parcel Map, Route 27,Sec.20 ✓

1. Approval is recommended of the attached prints of the General Property Parcel Map for Route 27, Section 20, from Woodbridge Avenue to Bridge Street, Middlesex County, in order that the necessary duplicate tracings and linen prints may be prepared for filing in Middlesex County. (June 8, 1965)

Prequalification of Bidders ✓

2. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel and State Highway Engineer. (June 3, 1965)

Claims - Settlements ✓

3. The New Jersey State Highway Department is carrying a claim in the amount of $24.70 against Sord, Inc. in connection with an accident involving Thomas J. Whalen, an employee of the New Jersey State Highway Department who sustained personal injuries on January 25, 1963 as the result of a fall in a parking lot owned by the aforesaid named company. On the date in question, Mr. Whalen stopped for lunch and while getting out of his car in a parking yard adjacent to a Howard Johnson Restaurant, slipped on a sheet of ice and fell. As the result of this incident, medical attention was required at the Muhlenberg Hospital who rendered a bill in the amount of $24.70. The insurance company representing this company refused to honor our claim and a suit was instituted by the Clains Bureau in the Somerset County District Court. We have recently received a notice of trial and we again contacted the insurance carrier who very reluctantly agreed to meet us half way on the amount of this bill. Inasmuch as it would cost us more than the sum of $12.35 to travel to Somerville and produce the necessary witnesses in order to present our case, we feel the best interest of the Department would be served if we accepted the sum of $12.35 in full settlement of this claim. It is, therefore, my recommendation that the offer of settlement receive favorable consideration, in accordance with Mr. Levine's memorandum dated May 26, 1965 attached hereto, and the recommendation of Deputy Attorney General William J. McCormack. (June 1, 1965)

Utilities - Route 280, Secs. 2A & 3C ✓

4. Approval and execution is recommended of attached agreement dated May 25, 1965, between the State of New Jersey and the Borough of Roseland covering understandings in connection with the State's construction of Route 280, Section 2A & 3C, a portion of which will pass thru the Boruggh. The Borough will install sewer facilities to accommodate the State's construction for which the State will reimburse the Borough in our estimated amount of $6,600 which includes 10 per cent for contingencies. Construction Program Year 1964 - 1965, Item Number 51. (June 4, 1965)

Utilities - Route 280, Secs. 6E & 6F ✓

5. Approval and execution is recommended of the attached Order No. P00-11C-280-6; NJ-I-280-6(11)58, Contract #2A, issued to the Public Service Electric and Gas Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 280, Section 6E & 6F, located in the City of East Orange, County of Essex. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $183,000.00. Construction Program Year 1964-1965, Item Number 51. (June 7, 1965)

NO. 23 - 1965

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

## SCHEDULE OF APPROVALS - JUNE 21, 1965

### Administrative Items

General Property Parcel Map-Route 33 (1927) Section 3D

1. Approval is recommended of the attached prints of the General Property Parcel Map for Route 33 (1927), Section 3D, Hurley's Corner to Anderson Corner, Monmouth County, in order that the necessary duplicate tracings and linen prints may be prepared for filing in Monmouth County. (June 18, 1965)

Claims-Cancelled

2. In accordance with the recommendation made by the Claims Bureau and William J. McCormack, Deputy Attorney General, and Cyrus Card, Comptroller for the State Highway Department, in connection with claims being carried against outside parties arising out of motor vehicle accidents, more fully set forth in the Schedule, attached hereto, it is hereby recommended that the claims in question be cancelled for the reasons set forth in the memorandum prepared by the Claims Bureau dated May 27, 1965. The twenty-two (22) claims recommended for cancellation and appearing on the attached Schedule total $3,713.15. (June 15, 1965)

Services-Engineering

3. Approval and execution is recommended for the attached supplemental agreement dated June 14, 1965, between the State of New Jersey and Howard, Needles, Tammen & Bergendoff relative to the performance of engineering services in connection with Route 17 from Route 3 to Route 46. Additional remuneration is required for the funds originally provided in the agreement dated Juhe 21, 1963. Part SECOND paragraph (h)1. is increased a total of $75,000.; paragraph (h)6. is increased a total of $14,000.; and paragraph (H)7. $4,900. for a total of $93,900. It is recommended that $100,000. be set up to cover the cost of this work plus any contingencies necessary under this agreement. (June 15, 1965)

Utilities-Route 69 & Route U.S. 202 (1953), Section 1A & 2B

4. To accommodate the construction of Route 69 and Route U.S. 202 (1953) Section 1A & 2B, Raritan Township, Hunterdon County, it is necessary that the City Gas Company of New Jersey relocate a certain portion of existing pipe line facility, which is situated along a Company easement contiguous with existing highway right-of-way line, to accommodate the consturuction of Ramp "A" Turnaround, in the Township of Raritan, County of Hunterdon. Inasmuch as the existing gas facilities requiring rearrangement are on private property, the State is obliged to reimburse the City Gas Company for the cost of the above relocation work as caused by highway construction. It is, therefore, recommended that the City Gas Company of New Jersey be reimbursed for the cost of the relocation work at an estimated cost of $2400, which includes 10 per cent for contingencies. Construction Program Year 1962-1963, Item Number 16. (June 15, 1965)

Utilities-Route 287, Section 10B & 11A

5. Approval and execution is recommended of the attached agreement between the New Jersey State Highway Department and the Hanover Sewerage Authority covering understandings in connection with the State's construction of Route 287, Section 10B & 11A in the Township of Hanover, Morris County, a portion of which will pass through the Authority's Right of Way. It will be necessary for the Hanover Sewerage Authority to relocate certain facilities of their existing proposed sewerage system. The Authority will be reimbursed for the acutal cost of the relocation work, which including 10 per cent for contingencies is estimated at $109,900.00. Construction Program Year 1964-1965, Item Number 53. (June 18, 1965)

Legal Speed Zones

6. In accordance with the provisions of R.S. 39:4-98 (as amended) it is recommended that the attached regulation be adopted establishing a legal speed zone along: Route 69 - U.S. 202 (During Construction), East Amwell Township, Raritan Township, Flemington Borough, Hunterdon County. (June 16, 1965)

No Stopping or Standing Zones

7. In accordance with the provisions of s. 78, c. 23, L. 1951 (c.39:4-138.1) it is recommended that the attached regulation be adopted establishing "no stopping or tanding" zones along: Route U.S. 206, Town of Newton, Sussex County. (Continued n next page)

~~Route 18 (1953), Sections 2A & 1C~~

7. (Con.) It is further recommended that the following be rescinded:

| Regulation | Adopted | Approved |
|---|---|---|
| RP-59-8 | 3-2-59 | 3-5-59 |
| RP-63-2 | 2-5-63 | 2-13-63 |
| RP-63-12 | 4-22-63 | 4-26-63 |
| RP-63-28 | 7-16-63 | 7-23-63 |

Municipal request in file. (June 15, 1965)

## Construction Items

Route 18 (1953), Sections 2A & 1C

8. Approval is recommended in making Award of Contract to Willis & Paul, Inc. for Bridge & Approaches on Route 18 (1953) Sections 2A & 1C at Lawrence Brook, City of New Brunswick & Township of East Brunswick, Middlesex County, at their bid, the lowest of six bids received on June 3, 1965 in the amount of $212,352.72. (June 15, 1965)

Route 30, Section 12A

9. Campanella & Wells, Inc., contractor for the Left Turn Connectors and Drainage Improvement on Route 30, Section 12A, Township of Waterford, Camden County have satisfactorily completed all work under their contract as of September 23, 1964. There is, however, some penalty to be applied because of pavement deficiencies as noted below. It is, therefore, recommended that this project be finally accepted and final payment authorized the contractor in accordance with the As-Built Quantities, deducting therefrom the amount of $1,444.63 representing the estimated value of the FABC pavement over ¼" excess thickness and/ or used to compensate for deficient thickness of bituminous base course, and the deficient thickness of bituminous base course not otherwise compensated for. (June 16, 1965)

Route 42, Section 15E, No.-So. Freeway

10. South Jersey Construction Company, contractor for the widening, resurfacing and bridge widening on Route 42, Section 15E, North-South Freeway, Townships of Gloucester and Washington, Camden and Gloucester Counties have satisfactorily completed all road work under their contract as of August 1, 1964. There is an overrun on this contract of 10 calendar days. Also, reports indicate some 691 tons of FABC pavement material having a value of $6,577.00 has been used in excess of the design requirements in uniform thickness areas and/or to compensate for deficiencies in stabilized base course. It is therefore recommended that this project be finally accepted and final payment authorized the contractor in accordance with the As-Built Quantities deducting therefrom the total amount of $7,577.00 representing liquidated damages of $1000.00 for ten calendar days overrun at $100.00 per day for the period July 23 to August 1, 1964 inclusive and the excess thickness of FABC material, having an estimated value of $6,577.00, used in specified uniform thickness areas or used to compensate for deficient area of Bituminous stabilized base course. (June 16, 1965)

Route 44, Section 3A

11. R. D. McGilvra & Company, contractor for the improvements in the Townships of West Deptford, Haddon & Gloucester and in the Boroughs of Audobon and Mount Ephriam, Gloucester and Camden Counties, have substantially completed all work under their contract as of March 17, 1965. It is recommended that this project be finally accepted and final payment authorized the contractor in accordance with the As-Built Quantities and after the necessary formalities have been observed. (June 15, 1965)

Route 46, Section 9A

12. Sappah Construction Company, Inc., contractor for the widening, resurfacing and turnarounds on Route 46, Section 9A, Morris County have completed all work under their contract as of December 14, 1964. There was an overrun of 20 working days on this project, however, Change Order #2, approved on March 31, 1965, approved an extension of time of 18 working days making a revised overrun on this project of 2 working days. There is also a matter of seeded areas which have not attained a satisfactory stand of grass. It is therefore recommended that this project be finally accepted and final payment authorized the contractor, deducting therefrom the amount of $280.00 representing liquidated damages for overrun of two (2) working days at $140.00 per day; withholding also the amount of $2500.00 pending the establishment of a satisfactory stand of grass. Said withheld amount of $2500.00 to be paid at a later date without further Commission Action upon certification by appropriate Department personnel of a satisfactory stand of grass. (June 15, 1965)

Route 17, Section 5C

13. Approval is recommended of the request of Schiavone Construction Company, 1600 Paterson Plank Road, Secaueus, New Jersey, contractor for the construction of Route 17 (1953), Section 5C, Interchange at Linwood Avenue and at Paramus Road, Grading, Paving, Bridges and Walls, in the Borough of Paramus and the Village of Ridgewood, Bergen County, Federal Project No. U-102(20), to sublet the Erection Only of Items No. 148, 167 and 186, Structural Steel, in the amount of $29,053.84 (Specialty Item), to: Atlas Machine & Iron Works, 1252 Jefferson Davis Highway, Arlington, Virginia. (June 18, 1965)

(June 24, 1965)

Claims-Settlements

7. This claim arises out of an automobile accident which occurred on April 15, 1956 at the intersection of US Route 1 and Lloyd Avenue, Edison Township, New Jersey, and involved a vehicle owned and operated by Emile Perrotte. As a result of this occurrence a traffic signal pedestal was damaged. Subsequent investigation by the Claims Bureau disclosed that Mr. Perrotte was uninsured and had a physical disability which prevented him from holding a permanent job. Contact was kept with Mr. Perrotte by both letter and personal call following this accident with the result that several payments were made in the amounts of $5.00 and $10.00 each. In view of Mr. Perrotte's financial status and inability to secure and retain permanent employment, he made an offer of 50% of our claim. Mr. Perrotte has now, nine years after this accident occurred, completed this payment amounting to 50% of the Highway Department claim. It is my recommendation, therefore, that this offer of settlement receive favorable consideration, in accordance with Mr. Levine's memorandum dated June 22, 1965, attached hereto, and the recommendation of Highway Department Deputy Attorney General. (June 25, 1965)

General Property Parcel Map-Route 29 (1927), Section 4K & Route U.S. 22 (1953)

8. Approval is recommended of the attached prints of the General Property Parcel Map for Route 29 (1927), Section 4K and Route U.S. 22 (1953), Chapel Island, Mountainside to Somerset County Line, Union County, in order that the necessary duplicate tracings and linen prints may be prepared for filing in Union County. (June 29, 1965)

Utilities-Route 278, Section 1

9. Approval and execution is recommended of the attached Order No. PUO-3B-278-1; NJ-I-278-6(4)56, Contract #1C, U-210(3), issued to the Elizabethtown Consolidated Gas Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 278, Section 1, located in the Cities of Elizabeth and Linden, County of Union. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $126,000.00. Construction Program Year 1963-64, Item Number 19. (June 29, 1965)

Federal Funds-Highway Planning Survey

10. It is recommended that the modified project agreement in duplicate be approved and executed for HPS-HPR-1(23). The State Highway Planning Bureau is substituting, with Bureau of Public Roads concurrence, the total sum of $921,594.00 (of which $707,192.24 is Federal funds) of Highway Planning Survey unprogrammed balances into the HPS financing of this project; and releasing a similar amount of HPR funds to be available for the Highway Planning and Research Studies programming for Fiscal year 1965-66. There is no change in the total obligation of funds. This action will provide for the substitution of the types of funds only, as noted on the modified project agreement. (June 29, 1965)

No Stopping or Standing Zones

11. In accordance with the provisions o s. 78, c. 23, L. 1951 (c. 39:4-138.1) it is recommended that the attached regulation be adopted establishing legal "no stopping or standing" zones along; Route 36 (Ocean Avenue) Monmouth Beach Borough, and Sea Bright Borough, Monmouth County and that Regulation RP-65-19, adopted May 27, 1965, be rescinded. (June 29, 1965)

Agreements-Sears, Roebuck & Company

12. Approval and execution is recommended of the attached Agreement dated June 14, 1965, between Sears, Roebuck and Company and the State of New Jersey covering understandings in connection with the improvement of traffic conditions at Terrill Road and U. S. Route 22 in the Borough of Watchung and North Plainfield. (June 29, 1965)

## SCHEDULE OF APPROVALS - JULY 9, 1965

### Administrative Items

Federal Aid-Interstate Funds

1. It is recommended that the attached project agreement in duplicate be approved and executed for Construction; Route 295, Section 1P from Oldman's Creek Road to Oak Grove Road, Gloucester County, Project I-295-1(32)9. The total estimated cost is $1,503,640.00 of which ninety percent (90%) or $1,341,189.00 is Federal Interstate funds. There is 100% State financing involved in the amount of $35,290.00. The road work to be performed under this Contract consists of related work relative to the construction of four bridges including the grading and paving of crossroads and frontage roads; consolidation of embankments; subbase; gravel and bituminous-stabilize base courses; gravel and bituminous concrete surface courses; drainage structures; curbs; and other incidental work as provided in the contract. (July 1, 1965)

Prequalification of Bidders

2. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel and State Highway Engineer. (July 7, 1965)

Services-Engineering

3. Approval and execution is recommended for the attached agreement dated July 9, 1965 between the State of New Jersey and Clarke, Hartman and Dunn, Inc. relative to the performance of engineering services in connection with Route 440 Freeway and interchanges from the vicinity of 51st Street in the City of Bayonne, to a point approximately 2,600 feet north of the New Jersey Turnpike in the City of Jersey City, Hudson County. The Consultant is to be remunerated on a fee basis of 3.3% of the actual contract award (estimated at $2 million). It is recommended that $75,000 be set up to cover the cost of this work plus contingencies called for under this agreement. (July 9, 1965)

Utilities-Route 80, Contract No.4A

4. It is recommended that an additional amount of $19,000 be set up to cover utility cost under PUO-62-80-4H; NJ-I-80-4(8)58, Contract #4A which was issued to the New Jersey Bell Telephone Company in connection with the State's construction of Freeway Interstate Route 80, Section 4H. The increase in cost is due generally to increasing contractor prices in the area which are attributable generally to increasing labor cost as well as the fact that the limited number of contractors who specialize in this work have an abundance of work, due to our expanded construction program. Construction Program Year 1964-1965, Item Number 54. (July 7, 1965)

Utilities-Route 80, Section 4S

5. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the Township of Wayne covering understandings in connection with the State's construction of Freeway Interstate Route 80, Section 4S, Township of Wayne, Passaic County. It will be necessary that certain facilities of the Township's existing water supply system be relocated to accommodate the highway construction. The State will incorporate the rearrangement work in the construction contract at State expense and the Township will reimburse the State the lump sum amount of $40,259.00 to cover the cost of betterments to the facilities requested by the Township. Construction Program Year 1964-1965, Item Number 10. (July 1, 1965)

Utilities-Route 287, Section 7C

6. Approval and execution is recommended of the attached Order No. PUO-95-287-7C; NJ-I-287-2(6)26, Contract #5, issued to the Bernards Water Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate 287, Section 7C, located in the Township of Bernards, County of Somerset. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $93,800.00. Construction Program Year 1964-1965, Item Number 11. (July 7, 1965)

Utilities-Route 287, Sections 9A & 10A

7. Approval and execution is recommended of the attached Agreement dated June 24, 1965, between the Township of Morris and the State of New Jersey covering understandings in connection with the State's construction of Freeway Interstate Route 287, Sections 9A and 10A through an area where a component of the Township's future sanitary sewer system will cross the Freeway, in the Township of Morris, County of Morris. The completed construction of the aforesaid Freeway would necessitate the installation of a sleeve fully across Freeway Right-of-Way lines (by boring and jacking methods) and the insertion of sewer pipe through said sleeve, at considerable cost to the Township. It is the State's policy to include in its contract the installation of municipally-owned future facilities in conjunction with highway construction when it is considered as being beneficial to the State and the Township, providing the governmental agency furnishes the necessary pipe materials. Construction Program Year 1964-1965, Item Number 53. (July 1, 1965)

## Construction Items

Route U.S. 1 & 9 (1953), Secs. 1B&2F

8. Approval is recommended of the plans and specifications for Route U.S. 1 & 9 (1953), Sections 1B & 2F, Deck Repairs for Viaduct over Pennsylvania Railroad and Deck Repairs for Passaic River Bridge, Cities of Newark and Kearny, Counties of Essex and Hudson, and for authority to advertise this project for bids. Bids to be received July 29, 1965. Maintenance Funds will be used for this project. (July 2, 1965)

Route 27, Section 6C

9. Approval is recommended in making Award of Contract to Hefler-Snyder Company for Drainage Revisions on Route 27, Section 6C, in the Township of Edison, County of Middlesex at their bid, the lowest of two (2) bids received on June 24, 1965 in the amount of $18,935.00. (July 2, 1965)

Aldene Plan-Contract No. 4

10. Approval is recommended in making Award of Contract to Robert Bossert & Co., Inc. for the Aldene Plan Contract 4, Grade Separation Structures, Commuter Facilities and Trackwork on the Lehigh Walley Railroad, Borough of Roselle Park and Township of Union, Union County, at their bid, the lowest of eight bids submitted on June 17, 1965 in the amount of $1,417,082.40. (July 2, 1965)

Route 69 Freeway, Section 1A

11. It is recommended that all bids received on July 1, 1965, for the Demolition of Buildings on Route 69 Freeway, Section 1A in the vicinity of Ewingville Road, Township of Ewing, Mercer County be rejected and the project be re-advertised for bids inasmuch as the low bid received was 52 per cent over the Engineers Estimate, and also subsequent to advertising for bids, a fire destroyed a number of the small buildings. (July 9, 1965)

Route 3, Sections 1F & 4G

12. C. F. Malanka Sons, Inc., contractor for the construction of Route 3, Sections 1F and 4G from Paterson Plank Road to the reconstructed Hackensack River Bridge, have substantially completed all work under their contract on July 8, 1964. By previous Commission Action, approved April 7, this project was finally acceted and semi-final payment authorized withholding two per cent of the vaue of the completed work pending certification of As-Built Quantities, disposition of bituminous pavement records and attainment of a satisfactory stand of grass. All these exceptions have now been satisfactorily disposed of, excepting that there is a matter of thickness deficiency of bituminous pavement, amounting to $297.91. It is, therefore, recommended that this project be approved for final payment in accordance with the As-Built Quantities, deducting therefrom the amount of $297.91 representing the estimated value of the thickness deficiency of FABC pavement and/or bituminous stabilized base course constructed by the square yard in areas of uniform thickness. This recommendation applies to road and bridge work. (July 7, 1965)

Route 24, Section 13B

13. Robert M. Bossert & Company, Inc., 10 Lister Avenue, Newark, New Jersey, Contractor for the construction of project on Route 24, Section 13B, Federal Project NON, Widening and Resurfacing, Townships of Millburn and Springfield, Essex and Union Counties, has satisfactorily completed the BRIDGE portion as of May 28, 1965. It is thereby recommended that the BRIDGE WORK be finally accepted and 100% payment on BRIDGE ITEMS ONLY be authorized. (July 1, 1965)

## SCHEDULE OF APPROVALS - JULY 26, 1965

### Administrative Items

Federal Aid-Primary Funds

1. It is recommended that the attached project agreement in duplicate be approved and executed for Preliminary Engineering: Route 17 - from Hollywood, Prospect & Allendale to Ave. Interchanges, Bergen Counties, Project U-102(21). The total estimated cost is $160,000.00 of which $80,000.00 is Federal Primary Funds. The ratio participation is 50%. The work to be performed under this agreement consists of Preliminary Engineering services necessary to provide complete construction and right-of-way plans. (July 22, 1965)

General Property Parcel Map-Route 29 (1927), Sections 8D & 9K &
Route U.S. 22 (1953)

2. Approval is recommended of the attached prints of the General Property Parcel Map for Route 29 (1927) Sections 8D & 9K and Route U.S. 22 (1953) at Washington Avenue, Rock Avenue, West End Avenue, Wilson Avenue and North Drive, Somerset County, in order that the necessary duplicate tracings and linen prints may be prepared for filing in Somerset County. (July 14, 1965)

Services-Engineering

3. Approval and execution is recommended for the attached Supplemental Agreement dated July 15, 1965 between the State of New Jersey and Hardesty and Hanover relative to the performance of engineering services in connection with a connector between the Lincoln Tunnel and the George Washington Bridge, a distance of about seven (7) miles. The consultant is to be remunerated for these services on a basis of direct salaries times two. It is recommended that $38,500 additional be set up to cover the cost of this work. (July 16, 1965)

Agreements-Ortho Pharmaceutical Corporation-Rt. 202, Sec. 3B

4. Approval and execution is recommended of the attached Agreement dated July 13, 1965 between the State of New Jersey and Ortho Pharmaceutical Corporation covering understandings in connection with the construction of Route 202, Section 3B. The State will be reimbursed for the actual cost, but not to exceed $30,000, for all the improvements constructed on the north side of Route 202; the actual cost (estimated at $7,000) for the improvement in the southeast quadrant of Route 202. The State will also be reimbursed $200.00 for the cost of annual maintenance, repair or replacement of the Traffic signalization involved. (July 14, 1965)

Services-Engineering

5. It is recommended that an additional $25,000 be set up to cover various field engineering services relative to the proposed construction of Routes 80, 95 and others being provided by the Boswell Engineering Company under the terms of our Agreement dated June 25, 1962. (July 16, 1965)

Reimbursement-Route 24 Freeway, Section 9

6. In order to avoid conflict with the State's construction of Route 24 Freeway, Section 9, in the Township of Morris, the Township was requested to include an item for Class 4 reimforced concrete pipe in its proposal for installation in the area where the Freeway will cross. The Township is to be reimbursed for the additional costs incurred to accommodate our construction at an estimated amount of $1,024 and it is requested that this amount be set up for this purpose. Construction Program Year 1965-66, Item Number 44. (July 21, 1965)

Utilities-Route 78, Section 5N

7. Approval and execution is recommended of the attached Order No. PUO-43-78-5N: NJ-I-78-5(10)44, Contract #1A, issued to the Public Service Electric and Gas Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 78, Section 5N, located in the Township of Berkeley Heights, County of Union. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $162,000.00. Construction Program Year 1964-65, Item Number 08. (July 22, 1965)

Utilities-Route 280, Sections 3B & 4C

8. Approval and execution is recommended of the attached Order No. PUO-1-280-3B & 4C: NJ-I-280-6(9)55, Contract #1B, issued to the Commonwealth Water Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 280, Section 3B and 4C, located in the Town of West Orange, County of Essex. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $27,700. Construction Program Year 1964-65, Item Number 51. (July 19, 1965)

9. Approval and execution is recommended of the attached Order No. PUO-107A-287-9C & 10E; I-287-2(17)33, Contract #3A, issued to the Public Service Electric and Gas Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Interstate Route 287, Section 9A and 10A, located in the Town of Morristown, County of Morris. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $15,687.00. Construction Program Year 1964-65, Item Number 53. (July 22, 1965)

Utilities-Route 295, Sections 1U & 2

10. To accommodate the fence construction on Route 295, Sections 1U and 2M from Wilson Avenue to the vicinity of Church Road, more particularly on top of the parapet walls of the bridge carrying the Pennsylvania Reading-Seashore Line's Grenbock Branch over the freeway, it will be necessary for the Railroad Company to issue slow orders and provide flag protection while the State's contractor is working on the bridge. The Railroad Company will be reimbursed for the protective service, and it is recommended that $250 be set up for this purpose. Construction Program Year 1965-66, Item Number 44. (July 21, 1965)

Claims-Settlement

11. This claim arises out of an automobile accident which occurred on November 24, 1964 at the intersection of Route 38 and Church Road, Cherry Hill, New Jersey, and involved a vehicle owned and operated by Warren Buchanan. As a result of this accident, traffic signal equipment was damaged and subsequently repaired by Highway Department forces. Subsequent communication with the insurance company representing Mr. Buchanan revealed that the Buchanan vehicle was traveling east in the left lane when another vehicle suddenly cut in front of him from the middle lane. Subject vehicle applied its brakes and to avoid a collision went up on the grass island. This information is substantiated by the report of the Cherry Hill Police Department in their investigation of this occurrence. The driver was subsequently found "Not Guilty" of careless driving, at the magistrate's hearing. In view of the circumstances under which the accident occurred, the insurance company representing subject vehicle has made an offer of 50% of our claim. It is my recommendation, therefore, that this offer of settlement receive favorable consideration, in accordance with Mr. Levine's memorandum dated July 12, 1965, attached hereto, and the recommendation of the Highway Department Deputy Attorney General. (July 20, 1965)

- - - - - - - - - - - -

12. This claim covers the cost of repairing State Highway vehicle bearing license No. HYF 616, a 1958 Chevrolet carry-all. This vehicle was damaged in an accident on temporary Route 18 in Browntown, New Jersey. Investigation by the Claims Bureau disclosed that the State Highway driver, Mr. Frank Neubert, was driving in a westerly direction and the other driver, Maxine Evans, was driving in a northerly direction coming off of Route #9. At the time it was snowing and the roads were icy. The other driver and our driver could not stop in time and skidded on the snow covered road into each other. The physical evidence would tend to show that the other vehicle was into the intersection of the road first, since the damage to our vehicle is on the left front fender and left head light and the damage to the other vehicle is on the right side of the fender. The insurance company representing the other party involved denied liability on the part of their assured and refused to make any payment in settlement of our claim. Suit was therefore instituted by the Claims Bureau and a trial date has now been set up by the court. Subsequent negotiations have now resulted in an offer of fifty percent of the State's claim. Inasmuch as the difference between the offer and the full amount of our claim is only $35.43, we feel the best interest of the State would be served by accepting the offer, as we could not possible try this case and produce the necessary witnesses for the sum of $35.43. In view of the foregoing, it is my recommendation, and in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of Deputy Attorney General, William J. McCormack, that this offer of settlement receive favorable consideration. (July 20, 1965)

Claims-Settlement

13. This claim arises out of the order of the Commissioner of May 15, 1963 in which the Claims Bureau was requested to collect any monies owed the State Highway Department by J. J. Donovan. Mr. Donovan had submitted a bid at a public sale held by the Highway Department on property located in Springfield, New Jersey. At the conclusion of the bidding, Mr. Donovan refused to tender the amount bid and the Highway Department subsequently resold the property involved. Mr. Donovan was contacted by the Claims Bureau in an effort to recover $3,000.00 which represented the difference between the amount of Mr. Donovan's bid and the amount actually received on the subsequent sale of the property. Mr. Donovan, on advice of counsel, refused to make any payment. He contended that he was under no obligation to reimburse the Highway Department since he had entered into no formal agreement with the department. A review of the law on the subject leads to the conclusion that under the facts of this case, a recovery of the amount claimed in the event of litigation would be highly doubtful. It is not believed that the time and expense involved in litigating this matter can be justified. It must be concluded, therefore, that this claim is uncollectable. In view of the foregoing, it is my recommendation and in accordance with Mr. Levine's memorandum attached hereto and the recommendation of Deputy Attorney General William J. McCormack, that the order of May 15, 1963 be rescinded and that no further action be taken in this case. (July 13, 1965)

(July 21, 1965)

Route 18 (1953)

112. There is presented herewith a deed from Shell Oil Company conveying to the State of New Jersey Parcels 100A and 100B, on Route 18 (1953) Section 6, Tanners Corner to Old Bridge Traffic Circle. On Jan. 27, 1965 the Commissioner approved an agreement providing for the conveyance of these lands to the State for the consideration of $1.00, plus the conveyance to the vendor of the remnant of Parcel R99, whcih agreement provided, among other things, that judgments should be released or satisfied. A judgment entered against the vendor cannot be released or satisfied because of an appeal. The deed herewith contains an indemnification clause protecting the State against any loss by reason of such judgment. It is recommended that the deed be accepted and authority granted to execute and deliver the deed for the remnant of Parcel R99. (July 16, 1965)

Route 35

113. There is presented again the matter of acquisition of right of way on Route 35, Section 2, located in Brick Township, Ocean County. In the construction of the highway it was necessary to acquire the following: Parcel 45, 47, 48C, 51, 54 and 55, all or most of which parcels lay within the bounds of the abandoned right of way of the Pennsylvania and Atlantic Railroad Company. Agreements were secured for Parcels 47, 48C, 52 and 54 and condemnation proceedings were authorized for Parcels 45, 51 and 55. While the Title Bureau was processing these claims, it was advised that Kupper, Inc., a corporation of New Jersey, was the owner of a one-half interest in the land in question by reason of a judgment entered in the Superior Court on April 27, 1960. An examination of the proceedings as filed in the Superior Court was made and it was the opinion of the Title Bureau that the judgment as entered did not affect the title to the premises in question and Kupper, Inc., was so notified. On January 21, 1965 a judgment was entered in the Superior Court ordering and adjudging the State of New Jersey to commende condemnation proceedings to acquire the one-half interest of Kupper, Inc., in the lands in question. Since no appeal was taken in this matter, the Department must comply with the judgment and either institute the necessary condemnation proceedings or acquire the interest by agreement. Kupper, Inc., has offered to convey its one-half interest to the State for a consideration of $5500.00 and has delivered its deed which is submitted herewith. It is recommended that the deed be accepted and authority granted to pay Kupper, Inc., the sum of $5500.00. (July 20, 1965)

Route 80 (1953)

114. There is presented again the matter of acquisition of Parcel UE24C, Route 80 (1953) Section 5K, Project I-80-5-(12), from New Jersey and New York Railroad (Erie) at Hackensack to Hackensack River, Tension Realty Corporation. On August 21, 1964 an agreement for Parcel UE24C in the sum of $19,000.00 was approved and authority granted to transmit the same to the Railroad Company for processing with the understanding that the State would reimburse the Railroad under the provisions of R.S.27:7A-7 after closing and payment had been made by the Railroad as the State's assignee. (Con't.)

114. (Con't.) The Railroad Company has advised that it is not in a position to process the claim nor make payment for the same. It is recommended that the action of August 21, 1964 be rescinded; that the agreement for Parcel UE24C in the sum of $19,000.00 be approved and the Title Bureau authorized to process the claim in the name of and for the Railroad Company and to make payment direct to the owner in lieu of reimbursement under the provisions of R. S. 27:7A-7. (July 16, 1965)

Route 78 (1953)

115. There is presented again the matter of acquisition of property on Route 78 (1953) Section 4C, Project I-78-4-(5), Myers Road to Diamond Hill Road, Parcel 91, plus remainder (91B) Township of Berkeley Heights. On June 8, 1965 the Commissioner approved an agreement under which the Township of Berkeley was to convey to the State Parcel 91 plus remainder valued at $200.00 and the State would convey to that owner Parcel V109B, a cash balance of $1300.00 to be paid to the State. The owner has completed its requirements under the agreement; therefore, there is presented herewith form of deed conveying said Parcel V109B to the Township of Berkeley. It is recommended that this deed be executed and authority granted to deliver it upon payment of $1300.00. It is, therefore, determined that the lands and premises described in the deed are no longer required for the use of the State in the improvement, betterment, reconstruction or maintenance of any state highway. (July 21, 1965)

Route 108

116. There is presented report from the Title Officer together with deed for the conveyance of Parcel V169B on Route FAI 108-2-(1), North-South Freeway, (F.A.I. 109) to Warwick Road, from the State of New Jersey to the Borough of Lawnside. Deed conveying this parcel to the Borough was approved on March 26, 1959 and executed by the Commissioner on March 31, 1959, which deed was duly forwarded to the Borough attorney. The deed was lost ;r mislaid. The Borough attorney has requested that a new deed be delivered so that the same can be recorded for the purpose of vesting title to Parcel V169B into the Borough. It is recommended that the attached deed with proper recital be executed and authority granted to make delivery of the same. (July 20, 1965)

Services-Engineering

26. The scope of work defined in our agreement with DeLeuw, Cather & Company for services in connection with Route 169 Connector has been increased. The original work was as defined on Exhibit 8 of the consultant's March, 1963 Report to the Division of Railroad Transportation. This plan was revised at the City of Bayonne's request and the estimate of construction cost increased from $1.1 million to $1.8 million. The revised estimate of construction costs produces a fee equivalent of $101,000 versus the $64,500 previously provided. Additional studies and re-evaluation of the basic plan, which must be considered as extra work, accounted for an additional $10,000. Certain improvements are included into the design but are not reflected in the estimated construction cost. These items amount to approximately $3,000 of fee. In order to fulfill obligations, the Department authorized overtime for this project and approved payment of $2,000 for this premium time. The sum of the aforementioned is $116,000. To this amount, $5,000 should be added for contingencies. The initial agreement provided funds of $81,000. It is recommended that an additional $40,000 be set up to cover the increased work required for this contract. (July 28, 1965)

- - - - - - - - - - - - -

27. The scope of services required in our agreement for engineering services with John J. Kassner & Co., Inc. relative to Route 32 has been substantially increased. The estimate of construction cost at the time of negotiations was approximately $220,000. The estimate of construction cost is now approximately $700,000. A full cloverleaf interchange was added at Route 130 although only a portion is to be initially constructed; the project's limit was extended east of the New Jersey Turnpike. Additional services were provided for a future jughandle at Route 535. The fee equivalent for the revised estimate of construction cost is $35,000 versus the $14,000 previously provided for this phase. Additional extra work was required which amounted to approximately $2,000. It is recommended that the ceiling for this project be increased to $40,000 which will allow some allowance for additional work to be performed. The allowance for the reimbursement of prints should be increased to $500 but this should be accomplished with the stipulated $40,000 ceiling. Since $16,000 has been set up, an additional $24,000 is required. (July 28, 1965)

28. The scope of services covered in our agreement with McClave & Lichtenstein relative to Route 46, Section 9B has been increased. The initial estimate of construction cost was $230,000 as against the $410,000 recently computed. The project was extended along Route 46 by approximately 2,000 feet; the improvement along Intervale Road was lengthened about 250 feet; the pavement width for the connecting road was widened 8 feet; the typical section for Route 46 was revised; the length of the box culvert included in the design was increased substantially. The fee assignable to the work as presently defined is $25,000 versus the $16,000 previously provided. It is recommended that an additional $9,000 be set up to increase the lump sum to cover the basic work provided in our agreement. (July 28, 1965)

Utilities-Route 278, Section 1

29. Approval and execution is recommended of the attached Order No. PUO-15A-278-1; NJ-I-278-6(4)56, Contract #4B, issued to the Elizabethtown Water Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 278, Section 1, located in the City of Linden, County of Union. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $11,850.00. Construction Program Year 1963-1964, Item Number 19. (July 27, 1965)

Claims-Settlements

30. The State Highway Department has a claim arising out of an accident occurring on March 1, 1961 involving a vehicle owned by Philip and Carmella Celi, t/a Celi Trucking Company and operated by Philip Celi, agent or servant of the defendant, John Bartolomeo, t/a Bart Trucking Company. As the result of said accident, aluminum guard railing located on the new ramp, U. S. Route 1, under the Pulaski Skyway, was damaged and had to be repaired at a cost of $816.10. The insurance carrier for Celi advised this office that there was no coverage afforded by then on the Celi vehicle at the time of the accident, inasmuch as, it was hauling a trailer owned by some one else and their coverage did not extend to this type of situation. The insurance policy written to Celi covered them only when the tractor was being operated as a tractor only. The other party involved, Bart Trucking Company, did not have insurance coverage at the time of the mishap, they being under the impression that the insurance carried by Celi covered them when his tractor was hauling their trailer. Inasmuch as the matter could not be settled, suit was instituted by the Claims Bureau in the Essex County District Court, and at a pretrial conference before Hon. Melvin P. Antell, a settlement of $300.00 was offered in full settlement of this claim, $100.00 of the sum was tendered by the carrier who did not afford coverage and the other $200.00 by the uninsured party. It will be necessary for the uninsured party to make arrangements to borrow this sum in order to complete the settlement. The Judge who presided over the pretrial conference recommended that the case be settled for the sum of $300.00. (July 27, 1965)

31. The State Highway Department has a claim against Albert Galassette in the amount of $285.98 arising out of an accident occurring on November 28, 1964 involving a vehicle owned and operated by Albert Galassette. As the result of said accident, guard railing on the Route 70, Manasquan River Bridge was damaged and had to be repaired at a cost of $285.98. Upon presenting Mr. Galassette with a bill we were advised that his insurance had lapsed just 30 days before the accident in question. In order to dispose of the State's claim, the debtor has offered the sum of $250.00 in one lump sum payment in full settlement of the State Highway Department's charges. Mr. Galassette works as a barber and has six children to support. Giving due consideration to this debtor's apparent conscientious effort to liquidate this claim to the best of his financial ability, it is our recommendation and in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of Deputy Attorney General William J. McCormack that the offer of settlement in the amount of $250.00 be accepted and the balance of the claim in the amount of $35.98 be cancelled. (July 27, 1965)

Authority is requested to dispose of the dwelling to the road contractor, at public auction or by sealed bids. (August 16, 1965)

74. There is presented again the matter of acquisition of property on Route 95, Section 1B, Project I-95-7-(2), from Teaneck Road to Route 4, County of Bergen. An agreement with the County was previously approved by the State Highway Commissioner for Parcels R8A, 8B, 8C, 8D, 8E, 8F, 8G, 8H, 8J, 8K, 8L, E8N, E8P, E8R, E8S, E8T, E8U, E8V, & E8W in the amount of $584,500 on June 21, 1960. Reversionary rights of the Village of Ridgefield Park, Borough of Leonia, Township of Teaneck, were negotiated separately but never put up for commission action. Title matters and the Court decision on riparian matters prevented closing of title on these parcels. Following a resolution of the riparian elevations, the parcels were 2R8A3B, R8B, 8C1, 8C2, 8D2, 8D4, R8F, 8G, R8H1, R8H3, 8J, 8K1, 8K2, R8L, R8M2, E8N, E8P, E8S1, E8S2, E8T, & E8V. Continued negotiations for these revised parcels have resulted in the execution of an agreement in the sum of $411,000., including their reversionary rights of Teaneck and Leonia. It is recommended that this agreement be approved. It is further requested that the previous agreement of June 21, 1960 in the amount of $584,500., be rescinded. Separate negotiations will later be conducted with the Village of Ridgefield Park, whose parcels 2R8A1, 2R8A2, & 2R8A3A are excluded from the County Park area. (August 17, 1965)

75. There is again presented the matter of the acquisition of Parcel E258, Route 280 (1953) Section 6. On Feb. 9, 1965 an agreement was approved for the granting of this drainage easement for a consideration of $100.00. Subsequently, it was determined to acquire the entire property and on August 2, 1965 an agreement was approved for the conveyance of Parcel 258 in consideration of $14,300.00. Since the right to construct and maintain the drainage easement would be appertanant to the ownership of the entire property, it is no longer necessary to acquire the easement by separate agreement. It is recommended that the agreement dated Jan. 28,1965 between John G. Scarrilo and Lucille Scarrilo, his wife, for the conveyance of Parcel E258 be rescinded. (August 20, 1965)

76. There is presented again the matter of condemnation of property on Route S40, Section 5, from Manahawkin to Ship Bottom, Parcel 4A, Mabel R. Aller, et al. At the hearing before condemnation commissioners, no expert testimony was presented on behalf of the owner; and the testimony on behalf of the State was in the sum of $3,350. The commissioners made an award in the sum of $6,240. The Trial Attorney recommends acceptance of the award. The matter is submitted for the Commissioner's consideration, and upon approval, for payment of the award. (August 20, 1965)

77. There is presented again the matter of condemnation of property on Route 46 (1953), Section 16, from Route 17 to Route U.S. 1 & 9, Parcel 1, Cappy's Motor Scooter Company, Inc. At the hearing before condemnation commissioners, no expert testimony was presented on behalf of the owner; and the testimony on behalf of the State was in the sum of $1,200. The commissioners made an award in the sum of $1,300. It is recommended that this award be approved. (August 16, 1965)

78. There is presented report and appraisal with map and description on Route 35 Freeway, Section 2, Project F-207-(3), Shark River to Poplar Road, Parcel 17, Pasquale Fortunato and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owner refuses to negotiate. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $750. (August 16, 1965)

79. There are presented report and appraisal with map and description on Route 35 Freeway, Section 2, Project F-207-(3), Shark River to Poplar Road, Parcel 202, Daniel J. Napolitiano and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owner's demand of $19,225. is considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $15,225. Upon taking of possession, authority is requested to dispose of the building to the road contractor, by public auction, or by sealed bids. (August 20, 1965)

80. There is presented again the matter of condemnation of lands on Route 35 (1953), Section 3, Project U-59-(7), from Routes 70 and 34 to Sea Avenue, Point Pleasant. Condemnation proceedings were previously authorized for the acquisition of Parcels 6A and 6B, in the name of Lucy Mazurette, (single), at which time the owner's demand of $3,500. was considered excessive. Subsequently there was a map revision changing the Parcels to R6A and R6B, Lucy Mazurette, (single). The owner refused to state a demand. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcels R6A and R6B subject to any public utilities existing in the premises, and that the previous action authorizing condemnation for Parcels 6A and 6B be rescinded. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $1,100. (August 20, 1965)

81. There is presented report and appraisal with map and description on Route 36 (1953), Section 1, Project U-111-(5), from Route 35 to Palmer Avenue, Parcel 41 and 42A, Benjamin Walling and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. Owner refused to state a demand. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $2,000. (August 20, 1965)

82. There are presented report and appraisals with map and description on Route U.S. 46 (1953), Section 6, Flanders Road to Mooney Road, Parcel 35B Arthur Ramo and Beatrice F. Ramo, h/w. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owner's demand of $1,500 is considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of the property, delay the taking of possession and use thereof by the Highway Department authority is requested to then file a declaration of taking and to deposit with the court $820. ( August 20, 1965)

83. There are presented report and appraisal with map and description on Route 55 Freeway, Section 6, Project F-68-(11), Menantico Creek to Route 47, Parcel 19, Julie Pichet, widow. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owner's demand is $13,000.00, which is considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $10,400.00. Upon taking of possession, authority is requested to dispose of the buildings to the road contractor, by public auction, or by sealed bids. (August 16, 1965)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

## SCHEDULE OF APPROVALS - AUGUST 31, 1965

### Administrative Items

Federal Aid-Urgan Funds

1. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route 36, Section 2B & 3C from Palmer Ave., Keansburg to 1st Ave., Atlantic Highlands, Monmouth County, Project U-111(10). The total estimated cost is $3,676,063.73 of which fifty percent (50%) or $1,800,780.00 is Federal Urban Funds. There is 100% State financing involved in the amount of $74,503.73. The road work to be performed under this Contract consists of grading, drainage, the construction of concrete curb and concrete barrier curb, subbase, bituminous stabilized base course, bituminous concrete pavement, topsoiling and seeding, and other incidental work as provided in the Contract. (August 26, 1965)

Federal Aid-Interstate Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for construction: (Highway Lighting), Route 80, Section 4, from River Road Drive to Boulevard & Garden State Parkway to Station 721+72, Bergen County, Federal Project I-80-4(21)60. The total estimated cost is $165,611.00. There is a non-participating item of $1.00, and 90% of the remainder or $149,049.00 will be Federal Interstate Funds. The work to be performed under this Contract consists of the construction of complete multiple Highway Lighting Systems, exterior sign lighting assemblies, underground system connecting illuminated signs, and all other incidental work as provided in the contract. (August 30, 1965)

Official Station Assignments

3. It is hereby recommended that the attached drawing entitled "BASE STATIONS, revised August 9, 1965" be approved as the authorized map for designating the "Official Stations" as provided for in the Departmental Operating Procedure #4.301, Page 3, Item B. It is also recommended that the State Highway Engineer be authorized to revise stations on the said drawing providing the revisions are duly noted on the drawing. It is also further recommended that the authorized representative of the Commissioner empowered to sign Form PR-22 "Official Station Assignment" be Directors of Divisions or those whom they officially designate, but that this authority shall not rest with anyone in a lower category than District Engineer or District Superviso (August 24, 1965)

Claims-Settlement

4. The New Jersey State Highway Department is carrying a claim against the Moran Towing & Transportation Company in the amount of $876.48 arising out of an accident occurring at the Victory Bridge on February 25, 1962, involving a barge being towed by the Tug "Diana Moran". As the result of said accident, the fender system was damaged and had to be repaired at a cost of $876.48. Upon presenting the Towing Company with a bill, we received a letter in which they denied full responsibility for the occurrence, claiming that the bridge for some unknown reason failed to open in answer to the tug's signal which required the tug to wait 15 to 20 minutes for the bridge to open. The Towing Company further indicated that during this delay, the tug and tow being under the influence of flood tide could not maintain itself in full control while waiting for the bridge to open. The bridge tenders denied any unusual delay in opening the bridge. The Towing Company, however, in order to dispose of the State's claim offered the sum of $438.24 representing 50% of our claim as presented. This offer was rejected and a subsequent offer was made by the Towing Company in the amount of $500.00 which was also rejected. Recent negotiations have now resulted in an offer of $688.24 in full settlement of this claim. This figure represents a half way mark between the full amount of our claim and amount of the previous offer. Givi due consideration to the conflicting versions of what actually happened at the time of the accident as well as the cost which would be involved in the event of litigation, we feel that the offer of settlement in the amount of $688.24 should receive favorable consideration. It also should be mentioned that two of the three bridge personnel working the bridge at the time of the occurrence have now retired. The offer of $688.24 has been discussed with officials of the Bureau of Maintenance who feel the offer is reasonable and should be accepted. It should also be noted that in the event suit was instituted in connection with this claim, the question of depreciation would surely be raised by the Towing Company. We also feel that the department would be justified in accepting this offer of settlement in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of Deputy Attorney General Joseph Lipkin. (August 26, 1965)

- - - - - - - - - - - -

65. There is presented purchase agreement on Route 280, Section 6, Project I-280-6-(5), Kenilworth Place to Roseville Avenue; Parcels 333A & B. Harry L. Goode and wife. Consideration $19,500.00 including down payment of $4,700.00. Approval is recommended. Authority is requested to dispose of one-family dwelling and four-car garage to road contractor, at public auction or by sealed bids. (Sept 1, 1965)

Route 287 (1953)

66. There is presented purchase agreement on Route 287 (1953), Section 7, Project I-287 (2), Passaic River to Annin Road. Parcel 41, Bertha Allen Mann, widow. Consideration $7,500. Approval is recommended. (Sept 1, 1965)

Route 15 (1953)

67. There is presented again the matter of acquisition of property on Route 15 (1953), Section 2, Project F-206-(5), Berkshire Valley Road to Morris-Sussex County Line, Parcel E122, Michale Volonnino and Carmela Volonnino, h/w. Condemnation proceedings were previously authorized at which time the owners were demanding $1,000. Continued negotiations have resulted in the execution of an agreement in the sum of $300. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (Sept 1, 1965)

Route 440 (1953)

68. There is presented again the matter of acquisition of property on Route 440 (1953), Section 2, from U.S. 1 & 9 (Truck) to Bayonne Bridge, Parcel R5, Donna Holding Company, Inc. Condemnation proceedings were previously authorized on Parcel 5 at which time the owner would not state a demand. Continued negotiations have resulted in the execution of an agreement in the sum of $70,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (Sept 3, 1965)

Route 280

69. There is presented again the matter of condemnation of property on Route 280, Section 6, Project I-280-6-(5), Kenilworth Place to Roseville Avenue, Parcel 98, Joseph DiPietro, et ux. An award of $15,800.00 was approved on Jan. 25, 1965. Possesseion was delivered to the State on Feb. 26, 1965 and at settlement the owner was required to pay all taxes to that date. Mr. DiPietro objected to paying taxes beyond the first half of 1964 claiming that he had been deprived of the use of his property as a garage when electric service was discontinued and the Title Bureau withheld the sum of $391.90, representing taxes due for the second half of 1964 and first quarter of 1965, pending further investigation. The Public Service Electric and Gas Company has advised that electric service was discontinued on June 8, 1964 and the meter removed on July 24, 1964. This verifies Mr. DiPietro's claim and amount to a construction taking as of that date. Authority is requested to permit the Title Bureau to settle this claim on the basis that possession was taken as of June 8, 1964. Approval is recommended. (Sept 1, 1965)

Route 34 (1953)

70. There is presented again the matter of condemnation of lands on Route 34 (1953), Section 1, Project F-132-(6), from Junction Routes 70 and 35 to Route 38, Parcel 9A, Mary Smock, single. At the hearing before condemnation commissioners, but prior to expert testimony, the owner agreed to a settlement in the sum of $4,500 for Parcels 9A and 9C, no interest to be added. The commissioners entered a Consent Award for Parcel 9A in the sum of $2,500. It is recommended that this Consent Award in the amount of $2,500 be approved without interest. (Sept 1, 1965)

- - - - - - - - - - - -

71. There is presented again the matter of condemnation of lands on Route 34 (1953), Section 1, Project F-132-(6), from Junction Routes 70 and 35 to Route 38, Parcel 9C, Mary Smock, single. At the hearing before condemnation commissioners, but prior to expert testimony, the owner agreed to a settlement in the sum of $4,500 for Parcels 9A and 9C, no interest to be added. The commissioners entered a Consent Award for Parcel 9C in the sum of $2,000. It is recommended that this Consent Award in the amount of $2,000.00 be approved without interest. (Sept 1, 1965)

Route 36

72. There is presented again the matter of condemnation of lands on Route 36, Section 1, Project U-111-(5) from Route 35 to Palmer Avenue, Parcel 46A, Carmine Perno, et al. On May 11, 1965 the Commissioner authorized payment of a judgment in condemnation in the sum of $8,000.00 plus interest from date of entry of said judgment, which was April 26, 1965, to date of payment. The Court has now ordered payment of interest on the judgment from February 4, 1963 to date of payment, except for the period from February 23, 1965 to April 12, 1965. It is recommended that payment of the judgment, plus the interest as ordered be authorized. (Sept 1, 1965)

- - - - - - - - - - - -

73. There is presented again the matter of condemnation of property on Route 36, Section 1, Project U-111-(5) from Route 35 to Palmer Avenue, Parcel E46B, Carmine Perno, et al. On March 4, 1965 the Commissioner authorized payment of an award in condemnation in the amount of $425.00. The Court has now ordered that interest be paid on the award at the rate of 6% from February 4, 1963 to date of payment. It is, therefore, recommended that the award plus said interest be authorized to be paid. (Sept 1, 1965)

Route 80 (1953)

74. There is presented again the matter of condemnation of property on Route 80 (1953), Section 5E, Project I-80-5-(11), from Route 17 at Lodi to New Jersey and New York Railroad (Erie) at Hackensack, Parcel R12A, Hackensack Manor, Inc., and Parcel R12C, Frank Altomare. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $820; and the testimony on behalf of the owner was in the sum of $5,500. The commissioners made an award in the sum of $3,000. It is recommended that an appeal be authorized. (Sept 3, 1965)

Route 280 (1953)

75. There is presented again the matter of condemnation of lands on Route 280, Section 5, Project I-280-6-(4), Northfield Avenue to Kenilworth Place, Parcel 25, Walter Smith; et al. An appeal was previously authorized from a condemnation commissioners' award in the sum of $40,500. At the trial before Judge and Jury, but prior to entry of expert testimony, a Consent Judgment was entered in the sum of $36,000 plus interest. It is recommended that this Consent Judgment in the sum of $36,000 be approved plus interest from July 30, 1965. (Sept 3, 1965)

- - - - - - - - - - - -

76. There is presented again the matter of condemnation of lands on Route 280, Section 6, Project I-280-6-(5), Kenilworth Place to Roseville Avenue, Parcel 103, Axel W. Dougherty and wife. At the trial of appeal, but prior to the selection of a Jury, the owner agreed to a settlement in the sum of $19,600. A Consent Judgment was entered in the sum of $19,600, plus interest from August 28, 1965. It is recommended that this Consent Judgment be approved plus interest from August 28, 1965. (Sept 3, 1965)

Route 21

77. There are presented report and appraisal with map and description on Route 21, Section 4, Project U-126-(18), Route 3 to Monroe Street, Parcel 190, Mrs. Herta Bargemann, widow. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. Agent and owner is demanding $15,000 which is considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit' with the court $6,500. Upon taking of possession, authority is requested to dispose of the building to the road contractor, by public auction, or by sealed bids. (Sept 3, 1965)

Condemnation proceedings were previously authorized at which time the owner was demanding $90,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $81,000.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (Sept. 8, 1965)

Route 295 (1953)

89. There is presented again the matter of acquisition of property on Route 295 (1953), Section 1-B, Project I-295-1-(23), Oldmans Creek to Hollywood Avenue, Parcels E48B, E48C, and E48D, Geneva M. Hitchner, widow. Condemnation proceedings were previously authorized at which time the owner refused to state a demand. Continued negotiations have resulted in the execution of an agreement in the sum of $100.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (September 8, 1965)

Route 3

90. There is presented again the matter of condemnation of substantial destruction of access to property of Kenneth Tanner and Mary Tanner, his wife, Route 3, Section 4. Continued negotiations have resulted in the execution of a General Release in the sum of $2,750.00. It is recommended that this General Release be accepted; and that following approval of title by our Title Officer, that authority be granted to pay the $2,750.00 consideration. It is further recommended that the previous action of February 17, 1964 be discontinued. (September 13, 1965)

Route 17

91. There is presented again the matter of acquisition of Parcel 98, Route 17, Section 5, Project U-102-(18), Ridgewood Avenue to Allendale Avenue, owned by Paul O. Naser and Emma Naser, his wife. It was necessary for the owner to extend a 4" sanitary sewer 18 ft. to the house. This was done by the owner at a cost of $94.50 which the Assistant District Engineer advises is reasonable. This appears to be an expense which should be borne by the Department and authority is requested to accept a general release and reimburse the owner at a cost not to exceed $94.50. Approval is recommended. (September 8, 1965)

Route 278

92. There is presented an invoice for payment in the amount of $127.50 to Eastern of New Jersey Inc. for fuel oil delivered on July 21, 1965 to Route 278, Section 1, Project U-210-(2), Parcel 582, Trenton Arms Inc. It has been necessary for the State to maintain certain essential services. This invoice represents fuel oil delivery on July 21, 1965 in the amount of 1,500 gallons. Authority is requested to pay this invoice. (September 8, 1965)

Route 15 (1953)

93. Railroad and Highway, Parcel R-74, Peter Capestro and wife. At the condemnation commissioners' hearing, the testimony on behalf of the State was in the sum of $17,700.00; and the testimony on behalf of the owners was in the sum of $28,200.00. The commissioners rendered an award in the sum of $24,000.00. It is recommended that an appeal be authorized. (September 8, 1965)

- - - - - - - - - - -

97. There is presented again the matter of condemnation of property on Route 36, Section 3, Project U-111-(11), from N.A.D. Railroad and Highway to Highland Beach, Parcel 45, Peter LaMonte and wife, et als. At the hearing before condemnation commissioners, the testimony on behalf of the owner was in the sum of $20,500.00; and the testimony on behalf of the State was in the sum of $14,900.00. The commissioners made an award in the sum of $18,500.00. It is recommended that an appeal be authorized. (September 8, 1965)

Route 38

98. There is presented again the matter of condemnation of property on Route 38, Section 1, Project U-106-(9), from Route U.S. 130 to Route 73, Parcel 148, Zellie Ellis, et al. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $1,500.00; and the testimony on behalf of the owner was in the sum of $7,500.00. The commissioners made an award in the sum of $1,800.00. It is recommended that this award be approved. (September 8, 1965)

Route U.S. 46 (1953)

99. There is presented again the matter of condemnation of property on Route U.S. 46 (1953), Section 5, Parcel 84, Musconetcong River to Flanders Road, Bertha W. Budd, widow. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $150.00; no testimony was presented on behalf of the owner. The commissioners made an award in the sum of $400.00. It is recommended that this award be approved. (September 8, 1965)

Route 322

100. There is presented again the matter of condemnation of property on Route 322, Section 10, Project F-105-(13), Clayton Road to Cecil, Parcel 11B, owner unknown. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $100.00; and no testimony was presented on behalf of the owner. The commissioners made an award in the sum of $100.00. It is recommended that this award be approved. (September 8, 1965)

Route 24 Freeway

101. There are presented report and appraisals with map and description on Route 24 Freeway, Section 12, Project U-204-(6), River Road to Route 78, Parcel R172, William Jayne and Viola S. Jayne, h/w. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owner's demand is $15,000.00, which is considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $8,500.00. Upon taking of possession, authority is requested to dispose of the garage to the road contractor, by public auction, or by sealed bids. (September 8, 1965)

Route 24

102. There are presented report and appraisal with map and description on Route 24, Section 13, Project U-74-(7), from Route 24 Summit to Maplewood-Irvington Corporate Line, Parcel 11, The 120 Morris Avenue Corporation. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $3,000.00 which is considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to file a declaration of taking and to deposit with the court $2,000.00. (September 8, 1965)

Route 35 Freeway

103. There is presented report and appraisal with map and description on Route 35 Freeway, Section 2, Project F-207-(3), Shark River to Poplar Road, Parcel 144B, Saverio Peluso and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owners' demand of $1,400.00 for Parcels 144B, 144C, 153C and 155B considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $100.00. (September 13, 1965)

106. There are presented report and appraisal with map and description on Route 35 Freeway, Section 2, Project F-207-(3), Shark River to Poplar Road, Parcel 155B, Saverio Peluso and Mary, h/w. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owners' demand of $1,400.00 for Parcels 144B, 144C, 153C, and 155B is considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $200.00. (September 13, 1965)

Route 36 (1953)

107. There is presented again the matter of condemnation of lands on Route 36 (1953), Section 2, Project U-111-(6), Palmer Avenue to N.A.D. Railroad and Highway, Parcel R126B. Condemnation proceedings were previously authorized for Parcel 126B, Elizabeth Hesse Estate. Subsequently, there was a map revision changing the Parcel to R126B. It is therefore recommended that the previous action authorizing condemnation of Parcel 126B be rescinded and that authority be granted to condemn Parcel R126B in fee simple, subject to any public utilities existing in the premises. Owners would not state a demand. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $450.00. (September 8, 1965)

Route U.S. 46 (1953)

108. There is presented report and appraisal with map and description on Route U.S. 46 (1953), Section 5, Musconetcong River to Flanders Road, Parcel 33A, Herbert Wolfe, single; William F. Wolfe and Lavinia C., h/w. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owner's demand is $4,000.00, which is considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $1,350.00. ## SCHEDULE OF APPROVALS - SEPTEMBER 22, 1965

### Design Items

**Alignment-Route 295, Salem County**

1. The attached plan shows the schematic arrangement of the proposed connection of Interstate Route 295 with the existing and proposed approach to the Delaware Memorial Bridge, Lower Penns Neck & Upper Penns Neck Townships, Salem County. Said alignment was presented at the public hearing on July 27 1965 and approved by the Bureau of Public Roads on September 3, 1965. The Bureau's approval includes the proposed bridge at the Route U.S. 40 & Hawks Bridge Road intersection. There was no major opposition to the alignment and no alternate proposal submitted. It is therefore recommended that the alignment presented at the public hearing be officially adopted by the Department for further development and that the necessary plans be prepared to enable construction to commence on this project. (September 17, 1965)

**Services-Engineering**

2. Due to the pressure of other work, the Department's forces were unable to perform soils exploration and inspection services in connection with the Route 169 Agreement with DeLeuw, Cather & Company. This work has been estimated at $18,000 (approximately $11,500 for the sub-boring contract). It is therefore recommended that an additional $18,000 be set up to cover these costs. This will increase the ceiling on this project to $139,000. ( September 16, 1965)

**Agreement-Sears, Roebuck & Company**

3. Approval and execution is recommended of the attached Supplemental Agreement between Sears, Roebuck & Co. and the State of New Jersey covering understandings in connection with the Company's construction of a large Retail Store and an Automotive Service Station on both sides of Terrill Road, Borough of Watchung, Somerset County, contiguous to Route U.S. 22, which work is covered under an existing Agreement in force between the parties hereto, dated June 14, 1965. In order to maintain safe traffic flow during the construction proposed in the aforesaid Agreement in force, it has been agreed to revise the limits of certain items of construction as shown on the attached plan. (September 16, 1965)

**Agreements-Twp. of Parsippany-Troy Hills, Rt. 46, Sec. 9B**

4. Approval and execution is recommended of the attached Agreement between the Township of Parsippany-Troy Hills and the State of New Jersey covering understandings in connection with the State's construction of Route 46, Section 9B, a portion of which will pass through the Township of Parsippany-Troy Hills which will necessitate the Township's relocation of certain facilities of their existing water system. The State will make or cause to be made the above mentioned revisions by incorporating them in the State's contract for Route 46, Section 9B, and that the facilities constructed by theState and paid for by the State under the terms of this Agreement shall become thesole property of the Township; and the Township will be soley responsible for the operation, repair and maintenance thereof. Construction Program Year 1964-1965, Item Number 61. (September 17, 1965)

**Utilities-Route 78, Sections 4N & 5P**

5. Approval and execution is recommended of the attached Order No. PUO-24-78-4N&5P; NJ-I-78-2(10)4, Contract #3B, issued to the Jersey Central Power & Light Company covering understandings in connection with the rearrangement of their facilities to accomodate the construction of Freeway Interstate Route 78, Sections 4N & 5P, located in the Township of Berkeley Heights, Union County. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $49,400. Construction Program Year 1964-1965. Item Number 8. (September 17, 1965)

**Agreements-Town of West Orange, Route 280, Sections 3B & 4C**

6. Approval is recommended of the attached Agreement between the State of New Jersey and the Town of West Orange covering understandings in connection with the rearrangement of the Town's existing police call, fire alarm and sanitary sewer system to accommodate the construction of Freeway Interstate 280, Sections 3B & 4C, a portion of which will pass through the Town. The State and the Town will make or cuase to be made certain revisions and rearrangements of the above mentioned facilities. The State will reimburse the Town for its share of the work which is estimated at $2,550, plus $600 for inspection charges in connection with the sewer work and the Town will reimburse the State for betterments in connection with rearrangement work at the lump sum of $5,950. This results in a net amount for which the Town will reimburse the State in the amount of $2,800. Construction Program Year 1964-1965, Item Number 51. (September 20, 1965)

### Agreements-Township of Bernards Sewerage Authority-Rt. 287, Sec. 7C

7. Appproval and execution is recommended of the attached Agreement between the Township of Bernards Sewerage Authority and the State of New Jersey covering understandings in connection with the State's construction of Freeway Interstate 287, Section 7C, a portion of which will pass through an area where a component of the Authority's future sanitary sewer system will cross the Freeway in the Township of Bernards, County of Somerset. The State will provide a means for the Bernards Township Sewerage Authority to make the future sewer crossing by installing a steel sleeve through the Freeway fill. It is the State's policy to include this work in conjunction with Freeway construction when it is considered beneficial to both parties and providing the governmental agency furnishes the necessary pipe materials. The facilities installed at the sole cost of the State, with pipe materials furnished by the Authority, under the terms of this Agreement shall be come the sole property of the Authority and the Authority will be solely responsible for the operation, repair and maintenance thereof. Construction Program Year 1964-1965, Item Number 11. (September 17, 1965)

## Construction Items

### Landscape Screen Planting, Contract #2

8. Inasmuch as the low bid received for the Landscape Screen Planting, Contract #2, Bergen, Essex, Hunterdon, Morris, Passaic & Warren Counties was excessive, it is recommended that this project be readvertised for bids. (September 22, 1965)

### Route 34, Section 5A

9. Inasmuch as no bids were received for the construction of intersection revision at Lloyd Road on Route 34, Section 5A in the Township of Matawan, Monmouth County, it is recommended that this project be readvertised for bids. (September 22, 1965)

### Route 47 (1953), Section 11A

10. Approval is recommended in making award of contract to Rudolf Meckel & Son, Inc. for Drainage Improvements on Route 47 (1953), Section 11A in the vicinity of Landis Avenue Circle, City of Vineland, Cumberland County at their bid, the only bid received on September 9, 1965 in the amount of $15,965.00. (September 22, 1965)

### Route 36, Sections 1A & 2A

11. Michael J. Stavola, Inc., contractor for the widening, resurfacing, barrier curb and bridges on Route 36, Section 1A & 2A have satisfactorily completed all work under their contract as of May 14, 1965. There is an overrun on this contract of 15 working days. It is, therefore, recommended that this project be semi-finally accepted and semi-final payment authorized withholding one (1) per cent of the value of the completed work pending receipt and disposition of outstanding bituminous pavement record and certification of the As-Built Quantities; deducting also the amount of $7,893.42 representing liquidated damages for fifteen (15) working days overrun @$526.22774 per working day, incurred during the period of April 12, 1965 to May 14, 1965, inclusive. (September 14, 1965)

### Route 78, Section 2J

12. Yonkers Contracting Company, Inc., contractor for the construction of Route 78, Section 2J for the paving and incidental work from the Central Railroad of New Jersey to the Mulhockaway Creek, Hunterdon County, Federal Project No. N.J.-I-78-2 (22)10, have substantially completed all work under their contract on November 2, 1962. By the Commissioner's Action, approved February 24, 1964 this project was semi-finally accepted and semi-final payment authorized, pending disposition of the bituminous pavement report and unsatisfactory construction conditions. This work has now been satisfactorily completed. There is, however, a matter of 30 working days extension which has yet to be resolved by the Bureau of Public Roads. It is, therefore, recommended that this project be finally accepted and further semi-final payment authorized in accordance with the As-Built Quantities withholding the amount of $27,234.61 representing liquidated damages for 64 calendar days at $425.5408 per day for the period September 1, 1962 to November 2, 1962, inclusive, said liquidated damage incurred by the 30 working day time extension which the Bureau of Public Roads has not approved and subject to revision at a later date prior to final payment. (September 14, 1965)

### Route 80, Sections 1B & 2L

13. Yonkers Contracting Company, Inc., contractor for the Grading & Paving in the Township of Mt. Olive & Roxbury & Borough of Netcong, County of Morris have substantially completed all work under their contract on November 1, 1963. This project was semi-finally accepted and semi-final payment authorized on May 22, 1964, withholding 2 per cent of the completed work and deducting $871.75 for pavement thickness deficiencies. There is also in connection with the project, the matter of 52 working days extension which has not yet been resolved by the Bureau of Public Roads. This amounts to $137,469.19 representing 199 calendar days at $690.79995 per day. It is, therefore, recommended that this project be finally

accepted and further semi-final payment authorized in accordance with certified As-Built Quantities, deducting therefrom the amount of $871.75 representing the estimated value of pavement thickness deficiencies and withholding also the amount of $137,469.19 representing liquidated damages for an overrun of 114 working days encompassing 199 calendar days at $690.79995 per calendar days for the period April 18, 1963 to October 31, 1963, inclusive; said liquidated damages subject to possible revision upon concurrence by the Bureau of Public Roads prior to a final payment of the project. (September 17, 1965)

Route 208, Section 3D

14. By the Commissioner's Action approved April 9, 1965, final acceptance and semi-final payment was authorized on the Sam Braen Construction Company contract for the construction of inner ramps at Maple Avenue Interchange on Route 208, Section 3D at which time 2 per cent of the completed work was withheld pending certification of As-Built Quantities and dispostion of outstanding pavement records and completion of minor corrective work. (September 23, 1965)

Claims-Settlements

5. This claim arises out of an automobile accident which occurred at the intersection of Route 46 and Phillips Avenue, South Hackensack, Bergen County, New Jersey, and involved a vehicle owned and operated by Ruby L. Gurnee and a vehicle owned and operated by Louis R. Basslice. As a result of this accident, traffic signal equipment was damaged and subsequently repaired at a cost of $73.08. Investigation by the Claims Bureau revealed that the accident occurred at an intersection controlled by a traffic light and that both drivers alleged they had the green light. Our file indicates that one of the vehicles was insured but inquiries directed to the other driver were either unanswered or returned by the postal authorities marked "Moved - Left No Address." The insurance company representing the insured vehicle denied liability on the grounds that their insured was not at fault. Further

(continued)

(contd.) negotiations with said insurance company by the Claims Bureau resulted in their making an offer of 50%. This offer was later increased to $50.00 based on our original claim of $73.08. Giving due consideration to the circumstances and ultimate cost involved should the Claims Bureau expend further time in an effort to locate the uninsured driver, it is our opinion that the State would be justified in accepting the above offer of settlement. It is my recommendation, therefore, that this offer of settlement receive favorable consideration, in accordance with Mr. Levine's memorandum dated September 17, 1965, attached hereto, and the recommendation of the Highway Department Deputy Attorney General. Utilities-Route 278, Section 1

9. Approval and execution is recommended of the attached Order No. PUO-2B-278-1; NJ-I-278-6(4)56, Contract No. 2C, issued to the Public Service Electric and Gas Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 278, Section 1, located in the Cities of Elizabeth and Linden, County of Union. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10 per cent for contingencies is estimated at $487,000.00. Construction Program Year 1963-64, Item No. 19. (September 22, 1965)

Utilities-Route 440, Section 2C

10. To accommodate the construction of State Highway Route 440, Section 2C, it will be necessary to lower approximately 90' of 4" gas main which is the service line for Roosevelt Stadium. The Public Service Electric and Gas Company are willing to perform this work if the State reimburses it for the actual cost. This arrangement would permit the State's contractor to perform the necessary excavation and backfill operations while the Company would perform all piping installations. The estimated cost is $1,000.00. It is recommended that in order to avoid extensive delay to the contractor that the State approve reimbursing Public Service Electric and Gas Company for the actual cost of the work it performs in relocating the 4" gas main, the estimated cost of which is $1,000.00. Construction Program Year 1963-64, Item No. 39. (September 23, 1965)

Buck and Mary P. Buck, h/w. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple, subject to any public utilities existing in the premises. The owner's demand is $100,000 which is considered excessive. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the required taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $46,000. Upon taking of possession, authority is requested to dispose of the 2½-story frame dwelling, 4 frame barns, smoke house, frame shed and 2-story frame garage to the road contractor, by public auction, or by sealed bids. (October 5, 1965)

Sale of Buildings ✓

105. There is presented again the matter of the public sale held on February 2, 1965, for the building located on Route 287, Section 10, Project I-287-2-(14), from Route 24 to Route 10, Parcel 19. The successful bidder, Mr. Joseph Bruno of Harrison, NewJersey, did not comply, in that he did not submit the requested balance os his bid ($250) and the $300 escrow. We notified him on August 24, 1965 to submit the monies to this office immediately or we would have no alternative but to forfeit his bid. As of this date, we have received no reply. It is recommended that this matter be submitted to the State Highway Commissioner with the request that authority be granted to declare the $100 deposit on the bid forfeited to the State. (October 5, 1965)

Sale of Land ✓

106. There is presented again the listing of plots of land which the State Highway Commissioner had previously approved to be offered for Public Sale. It is recommended that the following items be removed from the Public Sale since they have now been determined as needed for highway purposes:

Route 80, Section 5S

20. In connection with the construction of Route 80, Section 5S, Industrial Spur Track in the Township of South Hackensack, there was a severance of existing rail facilities for a relatively brief period of time, while new facilities were being constructed. As a result of this severance, the Autographic Business Forms, Inc. incurred a cost of $55.70 for which the State has agreed to make reimbursement. It is, therefore, recommended that the abovementioned amount be set up for reimbursement to the Autographic Business Forms, Inc. Construction Program Year 1965-66, Item No. 54. (October 18, 1965)

Route 280, Section 6C

21. By Commission Action dated May 1, 1964, an amount of $4,500.00 set up to reimburse the Erie-Lackawanna Railroad Company for flagging and engineering inspection in connection with the construction of Route 280, Section 6C in the City of East Orange, Essex County. However, due to conservative estimating as to the length of time such services would be required, and unexpected construction difficulties in connection with driving the permanent sheeting and concrete removal at Maple Avenue, railroad costs overran the figure previously set up $4,765.56. It is, therefore, recommended that an additional amount of $4,765.56 be set up so that invoices on hand and enroute may be paid. Construction Program Year 1963-64, Item No. 20. (October 18, 1965)

(October 19, 1965)

Route 280, Section 6D

8. Approval is recommended of the request of Mohawk Constructors, Inc., 711 Commerce Road, Linden, New Jersey & P.T. & L. Construction Co., Inc., 500 Route 17, Paramus, New Jersey (a Joint Venture), contractors for the construction of Route 280, Section 6D, from Harrison Street to Munn Avenue, Grading, Drainage, Incidental Paving, Bridges & Walls, City of East Orange, Essex County, Federal Projects No. N.J.-I-280-6(16)58 & N.J.-I-78-5(18)56, to sublet the Painting Only of Items 137, 148, 149, 162, 174, 175, 185, 196, 198, 206, 217, 220, 228, 237, 238, 246 (cont'd)

(cont'd)

258, consisting of Structural Steel, Steel Water Mains and Steel Gas Mains, in the amount of $13,366.44, representing 0.2752% of the total contract amount less Specialty Items, to W. Pera Painting Company, 625 Graisbury Avenue, Heddonfield, New Jersey. (October 19, 1965)

Agreement-Atlantic City (Intersection-Illinois Ave. & US 30

9. On July 12, 1962, the State Highway Department entered into an agreement with the City of Atlantic City which spelled out certain obligations of each on the subject construction project. This agreement stipulated, "(e) After construction and acceptance by the City, pay upon receipt of proper vouchers for the actual cost to it, but in no event more than eighty-eight thousand ($88,000) dollars." During the course of this construction, five change orders, which increased the construction cost, were approved by this Department. These change orders were, of course, unforseen at the time the agreement was consummated. It is hereby recommended that the ceiling of $88,000 be increased to $93,029.74 and that the Comptroller be authorized to reimburse the City of Atlantic City for the actual cost herein stipulated. (October 22, 1965)

Agreement-Town of Clinton, Route 78, Section 3F

10. Approval and execution is recommended of the attached agreement between the Town of Clinton and the State of New Jersey covering understandings in connection with the State's construction of Freeway Interstate 78, Section 3F, through an area where components of the Town's planned future water distribution system (to serve Clinton Township) cross the Freeway in the Township of Clinton, the County of Hunterdon. The State's construction would necessitate the future installation of steel sleeves across the Freeway's controlled access lines and the insertion of water main pipes through said sleeves, at a considerable cost to the Town. It is the State's policy to include the aforesaid work in its contract when it is considered beneficial to the State and the Municipality providing the governmental agency furnishes the necessary pipe and materials. The Town, however, will construct a portion of water facilities described in this agreement and be reimbursed by the State for this work in a fixed amount of $2,250. Construction Program Year 1964-65, Item Number 8. (October 20, 1965)

It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (October 26, 1965)

Route 278 (1953)

47. There is again presented the matter of acquisition of property on Route 278 (1953), Section 1, Project U-210-(2), from Routes U.S. 1 and U.S. 9 to Geothals Bridge, Parcel 549, Agnes Gorczyca (single) and Theresa Dmitzak (widow), Executrices of Last Will & Testament of Katherine Gorczyca, deceased. Condemnation proceedings were previously authorized, at which time the owner's demand of $80,000.00 was considered excessive. Continued negotiations have resulted in the execution of an agreement in the amount of $51,000.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. Authority is requested to dispose of the 2½ story frame tavern and apartment building, and the 3 car garage, to the road contractor, by public auction, or by sealed bids. (October 28, 1965)

Route 21

48. There is presented again the matter of condemnation of lands on Route 21, Section 5, Project U-126-(16), from Riverside Avenue to Rutgers Street, Parcel R6 and 6B, Simon Goldsmith, and wife. An appeal was previously authorized from a condemnation commissioners award in the sum of $93,120.00. At the trial by jury, but prior to the entry of expert testimony, the owner agreed to accept the sum of $95,000.00. This is considered to be a fair and reasonable settlement since the State has been in possession of this property since January 29, 1964. A judgment has been entered in the sum of $95,000.00. It is recommended that this Consent Judgment be approved. (October 27, 1965)

Route 34

49. There is presented again the matter of condemnation of property on Route 34, Section 2, Project F-132-(6), from Route 38 to Route 33, Parcel R-7, Michael J. Stavola, Inc. NO. 39 - 1965

## SCHEDULE OF APPROVALS - NOVEMBER 8, 1965

### Administrative Items

Route 80, Section 5F

1. Approval is recommended of accepting the attached bond indemnifying the disputed claim of Mancini Brothers Landscaping in lieu of requiring their release before making final payment on Route 80, Section 5F, Federal Project No. N.J.-I-80-5(19)67, which was authorized by action of September 24, 1965. (November 1, 1965)

Agreements-Trenton Bd of Education & State Dept.
of Education

2. Attached contract in triplicate covers agreement between/ Trenton Board of Education, State Department of Education, and State Highway Department for education of 75 of our employees in Highway Technology for one year, at a cost of $1,628 to the Highway Department. This is the first year of a five-year night school program, the pilot model of which was initiated at Union County Technical Institute, approximately three years ago. The purpose of this training program is to provide a supply of sufficiently trained Highway technicians to assume future entrance-level engineering positions that cannot be filled through regular recruitment efforts simply due to lack of students being graduated as Civil Engineers. Similar contracts will follow for education at CamdenCounty Technical Institute. Contract has been checked by our Legal Section. Recommend signature of Commissioner Palmer. (November 5, 1965)

. Approval is recommended of the plans and specifications and authority to advertise for the Ramp Connection at Baird Boulevard on Route U.S. 30 (1953), Section 14B, in the City of Camden, Camden County. Construction Program Year 1964-65, Item No. 23 Misc. (November 15, 1965) Bids to be received December 9, 1965.

Route 78, Section 2M & 3E

2. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the Grading, Drainage, Paving and Bridges on Route 78, Section 2M and 3E, from vicinity of Allerton Road to the vicinity of Cokesbury Road, in the Township of Clinton, Borough of Lebanon, County of Hunterdon, Federal Project No. NJ-I-78-3(11)19. Construction Program Year 1964-65, Item No. 48. (Nov. 15, 1965)

Route 280, Sections 6P & 7F

3. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the Demolition of Buildings on Route 280, Sections 6P and 7F from 14th Street to First Street in the City of Newark, County of Essex, Federal Project No. NJ-I-280-6(6)54. Construction Program Year 1964-65, Item No. 51. (November 9, 1965)

Services - Engineering

4. Funds were provided in our Agreement with Edwards and Kelcey for services relative to Route 280 based upon an estimate of construction cost of $18,200,000. An estimate of cost has recently been submitted and approved by the Department for $19,000,000.00. Additional engineering funds are, therefore, needed to cover the fee reimbursements provided in the Agreement. The $800,000.00 differential in construction costs represents a fee equivalent of approximately $33,000.00. To allow for unforeseen contingencies, it is recommended that an additional $50,000.00 be set up. (November 12, 1965)

Agreements-Wilbur B. Driver Company-Rt. 21 Freeway, Sec. 5A

5. Approval and execution is recommended of the attached Agreement between Wilbur B. Driver Company and the State of New Jersey, covering understandings in connection with the State's construction of Route 21 Freeway, Section 5A, more particularly the reconstruction of existing bus stop areas on both sides of the highway, construction of an access road (partly on State property and partly on Company property) for the Company's use from the vicinity of Grafton Avenue, with, in part, a crib wall and a retaining wall in lieu of slopes and concrete steps and sidewalks, to facilitate the flow of traffic, relocation and resetting of certain fencing and gates, and the extension of a pedestrian underpass in order to provide safety for pedestrians in using and crossing the highway. Inasmuch as the benefits derived from the above improvements are to a large degree realized by the employees and the clientele of the Company, the Company has acknowledged the responsibility and expressed willingness to cooperate by assuming its share of the maintenance for certain areas of these improvements as outlined in said Agreement. (Nov. 9, 1965)

Agreements-Borough of Butler-Route 23, Section 3B

6. Approval and execution is recommended of the attached Agreement dated November 4, 1965, between the Borough of Butler and the State of New Jersey covering understandings in connection with the apportionment of jurisdiction, control and maintenance relative to the construction of a Pedestrian overpass at Roosevelt Avenue on Route 23, Section 3B in the Borough of Butler, County of Morris. (November 12, 1965)

Agreements-City of Clifton-Route 46, Section 18A

7. Approval and execution is recommended of the attached Agreement dated November 3, 1965, between the City of Clifton and the State of New Jersey covering understandings in connection with the apportionment of jurisdiction, control and maintenance relative to the construction of a Pedestrian overpass at Saint Philip Drive on Route 46, Section 18A in the City of Clifton, County of Passaic. (November 12, 1965)

Agreements-City of Paterson, Rt. 80, Sec. 4H

8. Approval and execution is recommended of the attached Agreement dated November 3, 1965, between the City of Paterson and the State of New Jersey covering understandings in connection with the apportionment of jurisdiction, control and maintenance relative to the construction of a Pedestrian overpass at Pennsylvania Avenue on Route 80, Section 4H in the City of Paterson, County of Passaic. (November 12, 1965)

Subsequently, due to a map revision, Parcel 28A was revised and is now designated as Parcel R28A. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcels R28A, 28B, 28C, 2R28D, R28E and R28F in fee simple, subject to any public utilities existing in the premises and that condemnation proceedings previously authorized for Parcels 28A, 28B, 28C, 2R28D, R28E and R28F be rescinded. The owners refuse to state a demand. Should, prior to the ultimate fixing of compensation, any provisions or proceedings relating to the acquisition of this property delay the taking of possession and use thereof by the Highway Department, authority is requested to then file a declaration of taking and to deposit with the court $29,500. It is further recommended that authority be granted to enter upon the owner's remaining lands to remove that portion of the building lying partly within the Highway Right of Way and partly in the slope area. Upon taking of possession, authority is requested to dispose of the buildings to the road contractor, by public auction or by sealed bids. (November 9, 1965)

Appraisal Orders-Contracts

75. Under date of March 23, 1965 an appraisal order and contract with Mid-America Appraisal & Research Corp. was approved for the appraisal of parcels on Route 80, Sections 3A and 3B. Attached are the qualifications of Thomas J. Peters who is being added to the list of appraisers by Mid-America Appraisal & Research Corp. This appraiser's qualifications were inadvertently omitted from those attached to the contract. Authority is requested to amend the contract to include Mr. Peters as one of the appraisal company's employees who has been engaged in the preparation of appraisals for the company in pursuance of the terms of their contract with the State.
